STATEMENT OF OBJECTS AND REASONS

In spite of various measures taken by the Government including special drive launched to fill the vacancies reserved for the persons belonging to the Scheduled Tribes, it has been observed that the vacancies meant for these persons remain unfilled and after some attempts, vacancies are de-reserved on the ground that eligible candidates are not available to fill the vacancies.

At present administrative instructions issued by the Central Government, from time to time, provide for reservation in appointments or posts in favour of the persons belonging to the Scheduled Tribes in Civil Services under the control of the Central Government.

Objective of providing reservations to Scheduled Tribes in services is not only to give jobs to some persons belonging to these communities but also ensuring their upliftment. It basically aims at empowering them and ensuring their participation in the decision making process of the State. Justice B.P. Jeevan Reddy, while delivering the majority judgement in the matter of Indra Sawhney & Ors Vs. UOI & Ors, observed that public employment gives a certain status and power, besides the means of livelihood. Besides, article 46 provides that the State shall promote with special care the educational and economic interests of the weaker sections of the people, and, in particular, the Scheduled Castes and Scheduled Tribes, and shall protect them from social injustice and all forms of exploitation.

The tribal population in India, though a numerically small minority, represents an enormous diversity of groups. They vary among themselves in respect of language and linguistic traits, ecological settings in which they live, physical features, size of the population, the extent of acculturation, dominant modes of making a livelihood, level of development and social stratification.

As per an affidavit submitted by the Government of India before Supreme Court in October 2021, Scheduled Tribes comprise of 6.18 per cent. of a workforce of 1,23,155. As per the data from the Department of Personnel & Training (DoPT), the backlog vacancies in Scheduled Tribes category was 6,955 in the year 2016 and it increased to 12,612 in the year 2019. The data also disclosed that more than 50 per cent. of posts in the Scheduled Castes/ Scheduled Tribes category are lying vacant in the year 2019. The data on backlog vacancies said that in Scheduled Tribes category there were 9,404 filled up posts and 12,612 unfilled as against the total vacancies of 22,016.

These figures point towards a dismal picture of the representation of members of Scheduled Tribes in Government services. This Bill intends to streamline and provide a procedure for timely filling of vacancies for persons belonging to the Scheduled Tribes alongwith other methods to increase the representation of Scheduled Tribes population.

Hence this Bill.

FINANCIAL MEMORANDUM

Clause 17 of the Bill provides for compulsory notification and publicity of vacancies reserved for persons belonging to the Scheduled Tribes. The Bill, therefore, if enacted, would involve expenditure from the Consolidated Fund of India. It is estimated that an annual recurring expenditure of about rupees one hundred crore is likely to be involved per annum.

No non-recurring expenditure will be involved.
