STATEMENT OF OBJECTS AND REASONS

Fishing is an important occupation for lakhs of people in our country since ancient times. The fish is processed and exported to many countries thereby generating a considerable monetary benefit to the country. Fishing industry provides employment to lakhs of people directly or indirectly. Fish is consumed by many people and fish oil is also used in making medicines.

Lakhs of fishermen are involved in this occupation. But the difficulties the fishermen are facing are manifold. Fishing is seasonal occupation in the sense that fishermen cannot go into sea throughout the year for fishing. There is also no facility for processing, storage, marketing, transportation and export of fish. Moreover, a fisherman has to pay huge rent for boats, etc. which he has to hire during fishing and on a given day, he may not earn anything. Besides, in the recent times, fishermen are facing another grave situation of being fired upon, killed or attacked either by mistake or deliberately by defence forces of another country on the plea of intruding into the territorial waters of that country. There have been many instances when our fishermen were killed or captured or imprisoned and tortured. The chances of being kidnapped by pirates on the high seas also add to their problems.

No compensation or subsistence allowance is given by the Government in such cases. A mechanism for the welfare of fishermen is absolutely essential and the Bill aims at in that direction.

Hence this Bill.
