**ANSWER  
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND

(SHRI ASHWINI KUMAR CHOUBEY)**

(a) & (b): As per Rural Health Statistics Bulletin, 2017-18, the state-wise details of Sub Centres, Primary Health Centres (PHCs) & Community Health Centres (CHCs) including Gujarat is at Annexure.

As per information received from State Government. of Gujarat, there is one District Hospital and 10 CHCs in Bharuch District and one District Hospital and 12 CHCs in Chhota Udaipur District as per the Government Norms.

(c) & (d): “Public Health & Hospitals” being a state subject, the primary responsibility to set up hospitals in all areas including tribal dominated and far-flung areas is that of respective State Governments. Under the National Health Mission (NHM), financial and technical support is provided to States/UTs to strengthen their health care systems including for setting up new/upgrading existing public health facilities, based on requirements posed by the States in their Programme Implementation Plans.

Under Phase-II of the Centrally Sponsored Scheme for “Establishment of new medical colleges attached with existing district/ referral hospital”, 24 new medical colleges have been identified on the criteria of at least one medical college for every 3 Parliamentary Constituencies and at least 1 medical college in each state. For Gujarat no new medical college has been identified on the above analysis.

State Government of Gujarat has informed that it supports 3 Grant in Aid hospitals in Chhota Udepur and 7 Grant in Aid hospitals in Bharuch. Bharuch District hospital has been designated to be developed as medical college.
