**RAJYA SABHA
UNSTARRED QUESTION NO. 2189
TO BE ANSWERED ON 01ST JANUARY, 2019**

LACK OF PROPER INFRASTRUCTURE AT CIP, RANCHI

2189. SHRI SAMIR ORAON:

Will the Minister of **HEALTH AND FAMILY WELFARE** be pleased to state:

- (a) whether it is a fact that problems are being faced in proper treatment of patients suffering from mental illness due to lack of doctors, medical wards, security personnel and other resources in Central Institute of Psychiatry (CIP) Hospital in the city of Ranchi in Jharkhand;
- (b) if so, whether any step is being taken for providing the resources for this eminent institute which has completed its one hundred years; and
- (c) whether any plan is under consideration for developing it as a centre for excellence in view of its glorious history of providing services?

**ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND
FAMILY WELFARE
(SMT. ANUPRIYA PATEL)**

(a) & (b): Due to the ever increasing patient load for treatment at Central Institute of Psychiatry (CIP), Ranchi, there has been pressure on the existing infrastructure including manpower and facilities. In order to address these problems, the Government and CIP, Ranchi, from time to time, take appropriate actions on continuous basis for recruitment of human resources of all cadres, up-gradation of existing facilities and addition of new facilities as per the requirement of the Institute. Some of the steps taken by the Government for redevelopment of the Institute are installation of state of art 3 Tesla fMRI system, comprehensive infrastructural development including renovation of wards and construction of 90 quarters, Notification of Recruitment Rules for 40 categories of posts, etc.

Adequate funds are allocated for development and functioning of the Institute. The details of funds allocated to the Institute during the last three (03) years are given as under:

Year	Budget allocated
2015-16	Rs. 85.15 Crore
2016-17	Rs. 92.50 Crore
2017-18	Rs. 101.19 Crore

(c): CIP, Ranchi is one of the oldest Mental Health Institutions in the country, established in the year 1918. The Institute is already functioning at the level of a Centre of Excellence by providing tertiary level care and clinical services for mental and neurological disorders, training of manpower in the field of mental health, carrying out various research programmes, etc.
