

GOVERNMENT OF INDIA  
MINISTRY OF COAL  
RAJYA SABHA  
UNSTARRED QUESTION No. 536  
TO BE ANSWERED ON 14.12.2018

Average rate of production of coal

536. SHRI BINOY VISWAM:

Will the Minister of COAL be pleased to state:

- (a) the total number of coal mines presently functioning in the country along with the details of each coal mine;
- (b) the details of the private enterprises, if any, involved in mining;
- (c) the average rate of production of coal in the last two years in the country and whether this production level is more than the requirement of the country;
- (d) the average amount of coal exported along with the details thereof; and
- (e) whether the country imports coal from any other country, if so, the details thereof?

ANSWER

MINISTER OF COAL AND RAILWAYS  
(SHRI PIYUSH GOYAL)

**(a)&(b):** The details of coal mines functioning in the country in Coal India Limited (CIL), Singareni Collieries Company Limited (SCCL) and private mines are given in Annexure-I and Annexure-II.

**(c):** The coal demand estimated by NITI Aayog and domestic coal production during last two years is given below:-

(in Million Tonnes)

<b>Year</b>	<b>Demand</b>	<b>Production</b>	<b>difference</b>
<b>1</b>	<b>2</b>	<b>3</b>	<b>(2-3)</b>
2016-17	884.87	657.87	227.00
2017-18	908.40	676.48	231.92
Average of two years	896.64	667.17	229.46

On account of a number positive initiatives taken by Ministry as well as CIL with an emphasis on quality, safety and environment protection, all India raw coal production increased from 565.77 MT in 2013-14 to 676.48 MT in 2017-18 (4 years), an absolute increase of 110.71 MT as compared to increase of coal production of 33.73 MT between 2009-10 and 2013-14 (4 years).

The gap between demand and supply of coal is met through import of coal.

**(c)&(d):** Import and Export of coal during the last two years i.e. 2016-17 to 2017-18 is given below:-

(in Million Tonnes)

<b>Year</b>	<b>Import</b>	<b>Export</b>
2016-17	190.95	1.77
2017-18 (Provisional)	208.27	1.50

It is pertinent to mention that the imported quantity of 2017-18 at 208.27 MT is less than the imported quantity of 2014-15 which stood at 217.79 MT even as power generation & industrial activity grew substantially in the intervening period.
