ANSWER

MINISTER OF AGRICULTURE AND FARMERS WELFARE
(SHRI NARENDRA SINGH TOMAR)

(a): Under the "Comprehensive Scheme for Studying the Cost of Cultivation of Principal Crops in India" implemented by Directorate of Economics and Statistics in the Ministry of Agriculture and Farmers' Welfare, the State-wise and crop-wise, Cost of Cultivation/Production of Principal Crops in India is estimated on annual basis. The latest published Cost of Production (C2) and Cost of Production (A2+FL) data for the last 5 years are enclosed at **Annexure I and II**.

(b): The latest available estimates on income of agricultural households are based on the "Situation Assessment Survey of Agricultural Households" conducted by National Statistical Office (NSO) during its 70th round (January 2013-December 2013) for the reference agricultural year July 2012-June 2013. As per the survey results, the average monthly income per agricultural household from all sources was estimated to be Rs. 6,426/-.

(c) to (d): The Pradhan Mantri Kisan Samman Nidhi (PM-KISAN) is a Central Sector Scheme, being implemented since 1st December, 2018. The Scheme aims at providing financial assistance to landholding farmer families across the country, subject to certain exclusion criteria, to enable them to take care of expenses related to agriculture and allied activities as well as domestic needs. Under the Scheme, an amount of Rs. 6000/- per year is transferred in three 4-monthly installments of Rs. 2000/- directly into the bank accounts of the farmers.
