PENDING IRRIGATION PROJECTS IN UTTAR PRADESH

2803. SHRI NEERAJ SHEKHAR

Will the Minister of JAL SHAKTI be pleased to state:

- (a) the details of irrigation projects approved during the last five years and being run as on date in the State of Uttar Pradesh and across the country, State-wise and project-wise;
- (b) the details of proposals for new irrigation projects received during the above said period, State-wise;
- (c) the details of these proposals for new irrigation projects sanctioned as on date along with the present status thereof, State-wise; and
- (d) the details of proposals for new irrigation projects pending for approval as on date, State-wise along with reasons for pendency?

ANSWER

MINISTER OF STATE FOR JAL SHAKTI
(SHRI BISHWESWAR TUDU)

(a) to (d) Irrigation projects are planned, implemented and managed by the concerned State Governments, as per their own resources and priorities. Role of Government of India is limited to providing technical support, and partial financial support in some cases, as per the norms of the existing schemes being implemented by Government of India. However, for the major & medium irrigation projects as well as multipurpose projects on inter-State river systems, techno-economic viability is to be appraised by Central Water Commission (CWC). On completion of the appraisal process, techno-economic viability of the projects is required to be accepted by the Advisory Committee on Irrigation, Flood Control and Multipurpose Projects (Advisory Committee) of Ministry of Jal Shakti.

34 major, medium and multipurpose projects have been approved by the Advisory Committee during last 5 years (2017-18 to 2021-22). State-wise details of these projects are given at **Annexure-1**. However, none of these projects is from Uttar Pradesh.

In addition, 28 projects are presently under appraisal in CWC. State-wise details of these projects are at **Annexure-2**.

Appraisal of the projects is generally done as per the laid down timelines, which are monitored through a dedicated portal. However, appraisal of some of the projects gets delayed primarily because of time taken by the State Governments in responding to the queries/ need for additional information on various technical and financial aspects required by CWC and other Central Government agencies.
