ANSWER

MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS

(SHRI RAMESWAR TELI)

(a) to (c): The prices of petroleum products in the country are linked to the price of respective products in the international market. India imports more than 55% of its LPG requirement. Prices of LPG in the country are based on Saudi Contract Price (CP), the benchmark for international prices of LPG. Saudi CP has risen approximately 218% from April, 2020 to June, 2022 (236 USD/MT to 750 USD/MT). However, for domestic LPG the Government continues to modulate the effective price to consumers. In addition, the Government has started a targeted subsidy of Rs. 200 per 14.2 Kg cylinder for Pradhan Mantri Ujjwala Yojna (PMUY) beneficiaries for upto 12 refills a year for year 2022-23.

(d): The details of current Retail Selling Price (RSP) of domestic LPG, state-wise are given at Annexure.
