The aims and objectives of the scheme are to provide better work ambience, more storage space for raw material, etc., thereby providing sufficient space and congenial environment leading to enhanced production and earning. For construction of Individual Workshed, an assistance of Rs. 60,000 or 75% of the cost [90% for North Eastern Region (NER)], whichever is less, is provided. Whereas for Construction of Group Workshed, Rs. 40,000 per artisan or 75% of the cost (90% for NER), whichever is less, is provided.
