ANSWER

THE MINISTER OF ROAD TRANSPORT AND HIGHWAYS
(SHRI NITIN JAIRAM GADKARI)

(a) to (c) The Ministry has taken up work for development of NH-102B to 2-lane with paved shoulders in the State of Manipur. The entire stretch has been divided into seven packages and of which 6 packages are delayed due to COVID-19 pandemic, delay in handing over of land, local strikes, etc. and the remaining package is progressing on time. All the seven packages are targeted to be completed by August, 2023 and physical progress of these packages ranges from 32 - 84%.

(d) As per Ministry's extant policy, Authority's Engineer has been engaged for day to day supervision/monitoring of works done by the Contractors to ensure that the work is executed strictly as per Ministry's specifications and relevant codal provisions. Special Project Monitors are also deployed on quarterly basis, who examine the works executed by the Contractors in accordance with Contract provisions.
