MINISTRY OF ENVIRONMENT, FOREST AND CLIMATE CHANGE

RAJYA SABHA
UNSTARRED QUESTION No. 1814
TO BE ANSWERED ON 22.12.2022

Air Quality Index in Odisha

1814. SMT. MAMATAMOHANTA:

Will the Minister of ENVIRONMENT, FOREST AND CLIMATE CHANGE be pleased to state:

- (a) the details of the Air Quality Index in the country including the State of Odisha during the last three years;
- (b) whether it is getting worse year after year and if so, the reasons therefor and the details of the steps taken/being taken by Government in this regard; and
- (c) whether Government has set any target in this regard and if so, the details thereof along with its current status?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF ENVIRONMENT, FOREST AND CLIMATE CHANGE
(SHRI ASHWINI KUMAR CHOUBEY)

(a), (b) & (c)

Air Quality Index of the country including the State of Odisha during 2019 to 2021 is given as **Annexure-I**.

The Air Quality Index data of the country reveals that out of 114 cities, 70 cities showed an increase in the number of Good, Moderate and Satisfactory days whereas 44 cities showed a decrease in the number of Good, Moderate and Satisfactory days in 2021 as compared to 2019.

Government has launched National Clean Air Programme (NCAP) in 2019 as a national level strategy to reduce air pollution levels across the country. Taking into account the available international experiences and national studies, the tentative national level target under NCAP is 20%–30% reduction of particulate matter concentration by 2024. City Specific Clean Air Action Plans have been prepared and rolled out for implementation in 131 non-attainment and million plus cities including 07 cities (Angul, Balasore, Bhubaneswar, Cuttack, Rourkela, Talcher, Kalinga Nagar) of Odisha to improve the air quality. List of 131 cities is given as **Annexure II**.

The city specific clean air action plans target city specific air polluting sources like Soil & Road Dust, Vehicles, Domestic Fuel, MSW Burning, Construction Material and Industries

with short-term priority action as well as those to be implemented in a medium to longer time frame along with the responsible agencies.

Government has set up targets for PM10 reduction in the cities under NCAP. The annual targets of PM10 Concentration along with the current status of air quality for the cities of Odisha is given as **Annexure-III**.

Annexure 1

Number of days in different categories of Air Quality Index (AQI) of cities of the country during last three years (2019 to 2021)
