

**GOVERNMENT OF INDIA  
MINISTRY OF HEALTH AND FAMILY WELFARE  
DEPARTMENT OF HEALTH AND FAMILY WELFARE**

**RAJYA SABHA  
STARRED QUESTION NO. 54  
TO BE ANSWERED ON THE 7<sup>TH</sup> FEBRUARY, 2023**

**HOSPITALS IN RURAL AND UNDERDEVELOPED AREAS**

**54 # SHRI DEEPAK PRAKASH:**

Will the Minister of Health and Family Welfare be pleased to state:

- (a) the number of fully functional Government hospitals per 100 square kilometres, especially in rural and underdeveloped areas that are equipped with doctors and infrastructure; and
- (b) the targets set for the country, particularly in the State of Jharkhand for further improvement in the said figures?

**ANSWER  
THE MINISTER OF HEALTH AND FAMILY WELFARE  
(DR MANSUKH MANDAVIYA)**

(a) & (b) A Statement is laid on the Table of the House

**STATEMENT REFERRED TO IN REPLY TO RAJYA SABHA  
STARRED QUESTION NO. 54\* FOR 7<sup>TH</sup> FEBRUARY, 2023**

**(a) & (b):** National Health Mission (NHM) envisages achievement of universal access to equitable, affordable & quality health care services that are accountable and responsive to people's needs. The healthcare system of the country involves a three-tier system with Sub Health Centre (Rural), Primary Health Centre (Urban and Rural) and Community Health Centre (Urban and Rural) as the three pillars of Primary Health Care System in India.

As per established norms, in rural areas a Sub Health Centre for a population of 5,000 (in plain) and 3000 (in hilly and tribal area), a Primary Health Centre for a population of 30,000 (in plains) and 20,000 (in hilly and tribal areas) and Community Health Centre for a population of 1,20,000 (in plain) and 80,000 (in hilly and tribal area) is suggested. Further, for urban area one Urban Health Wellness Centre is recommended for a urban population of 15,000 to 20,000, one U-PHC for a urban population of 30,000 to 50,000, one U-CHC for every 2.5 lakh population in non-metro cities (above 5 lakh population) and one U-CHC for every 5 lakh population in the metro cities. Further, District Hospital (DH), Sub-District Hospital (SDH) and First Referral Unit provide secondary care services for rural & urban area.

Rural Health Statistics (RHS) is an annual publication which reflect public sector health care facilities, based on Health care administrative data reported by States/UTs. As per RHS 2020-21, State/UT-wise number of Sub-Centres, PHCs, CHCs functioning in rural & urban areas is at Annexure-I and the number of Sub-Divisional Hospital, District Hospital & Medical Colleges functioning in States/UTs is at Annexure-II.

The Ministry of Health and Family Welfare provides technical and financial support to the States/UTs to strengthen the public healthcare system, based on the proposals received in the form of Programme Implementation Plans (PIPs) under National Health Mission. Government of India provides approval for the proposals in the form of Record of Proceedings (RoPs) as per norms & available resources.

The details of RoPs issued to States/UTs wise including the Jharkhand are available at website of National Health Mission i.e. <https://nhm.gov.in>.

## Annexure-I

NUMBER OF SUB-CENTRES, PHCs, CHCs FUNCTIONING IN RURAL & URBAN AREAS
