213 SHRI PRABHAKAR REDDY VEMIREDDY:

Will the Minister of **COMMERCE & INDUSTRY** be pleased to state:

- (a) the reasons that Indian agri export is just 2.5 percent of the total global agri exports;
- (b) whether it is a fact that Agricultural Export Policy 2018 set a target of US \$ 60 billion by this year;
- (c) if so, the status of India's agricultural exports and whether India could reach the target of US \$ 60 billion at the end of this year; and
- (d) details of agri exports from various States of the country during the last five years and the current year, year-wise, State-wise and product-wise?

ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY
(SMT. ANUPRIYA PATEL)

(a): The primary reason for India's relatively low share in world agriculture export is our huge domestic consumption base for agriculture products, due to our large population base. However, India's share in world export has registered a steady increase over last 21 years i.e from 1.1% in year 2000 to 2.4% in year 2021. As per 'International Trade Statistical Review - 2022' of World Trade Organization, India is the 8th largest exporter of agricultural products in the world.

(b) & (c): Yes, Sir. One of the objectives of the Agriculture Export Policy was to increase agriculture exports to around USD 60 billion by 2022. However, the supply chain disruptions caused by pandemic Covid-19 has affected overall economy including India's agricultural exports. Moreover, exports in agriculture sector has to be calibrated to meet our own food security needs at affordable prices. During the financial year 2021-22, India's agricultural export touched the highest ever level of USD 50.21 billion. During the current financial year (Apr-November 2022), the agricultural exports have amounted to USD 34.24 billion, registering an increase of 10.16% over the exports of USD 31.08 billion during the corresponding period of the previous financial year i.e Apr-November 2021.

(d) State-wise and product-wise details of agriculture exports, during the last five years and the current year, are at Annexure-I and Annexure-II, respectively.
