MINISTER OF STATE IN THE MINISTRY OF ENVIRONMENT, FOREST AND CLIMATE CHANGE

(a) The compensatory levies including the Net Present Value (NPV) received from user agencies in lieu of diversion of forest land for non-forestry purposes as per the provisions of the Forest (Conservation) Act, 1980 are deposited in the Public Accounts of India and the Public Accounts of respective State/Union Territories. After the Compensatory Afforestation Act, 2016 has come into force, the share of compensatory levies received in Ad-hoc CAMPA, now National Compensatory Afforestation Management and Planning Authority (National Authority) were transferred to the concerned State Government for maintaining the same into the respective Public Accounts. The CAMPA funds including NPV are non-lapsable and interest bearing. The compensatory afforestation fund are utilized for site specific mandatory activities such as raising of compensatory afforestation, catchment area treatment plan and integrated wildlife management plan, whereas NPV funds are utilized for improvement of quality of forest through assisted natural regeneration, improvement of wildlife habitat, forest protection, fire control and prevention etc.
