NABARD SCHEME FOR TRIBAL WELFARE

545 # Dr. SUMER SINGH SOLANKI:

Will the Minister of FINANCE be pleased to state:

- (a) whether the National Bank for Agriculture and Rural Development (NABARD) is implementing any scheme for the welfare of tribal brothers and sisters across the country;
- (b) if so, the details of Madhya Pradesh during each of the last three years and the current financial year;
- (c) the details of funds allocated for the said schemes/programmes during the said period in Madhya Pradesh and the benefits it has brought to the tribals, district-wise; and
- (d) the steps that have been taken by NABARD to provide aid to the backward tribal community of the country?

Answer

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE
(DR. BHAGWAT KARAD)

(a) NABARD is implementing Integrated Tribal Development Programme since 2005-06, under which projects are funded through Tribal Development Fund (TDF), aiming to provide sustainable livelihoods to tribal families of the country.

(b) In Madhya Pradesh, NABARD has sanctioned a total of 15 wadi (a small orchard of one or two acre with multiple crops) based Tribal Development Projects under NABARD's Tribal Development Fund (TDF) in the last three years and current financial year. The projects are implemented through a participatory approach involving project beneficiaries and NGO partners. The summary of details given in Annexure-I is as under:

- 2019-20: 4 projects
- 2020-21: 4 projects
- 2021-22: 6 projects
- 2022-23: 1 project (recently sanctioned in current Financial year)

(c) The details of funds sanctioned under the TDF during the said period in Madhya Pradesh and the district-wise details of the benefits availed by the tribal families under the programme are given in Annexure-II.

TDF projects implemented by NABARD are through orchard-based approach and the benefits start accruing to the families/project beneficiaries after 4-5 years. Generally, increase in annual household income, increase in the irrigation facility, improved access to latest farm technology, increase in ownership of assets, etc., are some benefits which are observed in the TDF projects.

(d) NABARD created a dedicated fund viz., Tribal Development Fund, in the year 2003-04, out of its own profits for providing support to tribal families of India for generating sustainable livelihood opportunities. The first project from TDF was sanctioned in the year 2005-06 and since then, 908 projects have been sanctioned by NABARD, benefitting 5.87 lakh families covering an area of 5.55 lakh acres. Grant support is provided for developing small orchard (called wadi), agri-allied activities, microenterprise development, tribal handicraft promotion activities, etc. In addition to this, support is provided for promoting awareness about health and sanitation, women development activities and providing training and capacity building to the project beneficiaries.
