

GOVERNMENT OF INDIA
MINISTRY OF AGRICULTURE AND FARMERS WELFARE
DEPARTMENT OF AGRICULTURE AND FARMERS WELFARE

RAJYA SABHA
UNSTARRED QUESTION NO. 172
TO BE ANSWERED ON 21/07/2023

EXPENDITURE FOR FARMERS WELFARE

172. SHRI HARNATH SINGH YADAV

Will the Minister of AGRICULTURE AND FARMERS WELFARE be pleased to state:

- (a) The details of amount allocated and spent by Government for ongoing/pending projects for farmers across the country during the last four years, State/UT-wise;
- (b) the efforts being made/have been made for welfare of farmers till date, the details thereof;
- (c) whether the data of beneficiary farmers has been collected; and
- (d) if so, the details thereof, State/UT-wise?

ANSWER

MINISTER OF AGRICULTURE AND FARMERS WELFARE
(SHRI NARENDRA SINGH TOMAR)

(a) to (b) Govt. of India is committed to the welfare of farmers. It is implementing various central sector and centrally sponsored schemes covering entire spectrum of agriculture for the welfare of farmers in the country. Apart from the schemes, Government of India has also taken several initiatives to enhance income and improve quality of life of farmers which include unprecedented enhancement in budget allocation for the Ministry of Agriculture & Farmers Welfare from Rs. 30224.38 crore in 2013-14 to Rs. 125035.79 crore in 2023-24. Details of State / UT-wise allocation and release in respect of major schemes of the Department of Agriculture & Farmers Welfare during the last four years are given in **Annexure-I**. A brief of major schemes being implemented by the Department of Agriculture and Farmers Welfare is given in **Annexure-II**.

(c) to (d) Details of farmers benefitted under major beneficiary oriented schemes of Department of Agriculture & Farmers Welfare are given in **Annexure – III**.

Annexure – I

State/UT- wise details of funds allocated and released under major beneficiary oriented Centrally Sponsored Schemes being implemented by the Department of Agriculture & Farmers' Welfare from 2019-20 to 2022-23

(Amount in Rs. Crore)

Brief on major schemes of the Department of Agriculture & Farmers' Welfare

Sl No	Name of the Scheme	Purpose
1	Pradhan Mantri Kisan Samman Nidhi (PM-KISAN)	PM-KISAN is a central sector scheme launched on 24th February 2019 to supplement financial needs of land holding farmers, subject to exclusions. Under the scheme, financial benefit of Rs 6000/- per year is transferred in three equal four-monthly installments into the bank accounts of farmers' families across the country, through Direct Benefit Transfer (DBT) mode.
2	Pradhan Mantri Kisan Maan Dhan Yojana (PM-KMY)	In order to provide financial support and security to the most vulnerable farmer families, Government launched Pradhan Mantri Kisan Maandhan Yojana w.e.f. 12.09.2019 to provide pension benefits to small and marginal farmers. PMKMY is meant for Small and Marginal Farmers falling in the entry age between 18 to 40 years having cultivable land up to 2 hectares. The scheme seeks to provide Rs 3,000/- monthly pension to the Small and Marginal Farmers once they attain 60 years of age. As of now total number of farmers enrolled under the scheme is 23.26 lakhs.
3	Pradhan Mantri Fasal Bima Yojana (PMFBY)	PMFBY was launched in 2016 in order to provide a simple and affordable crop insurance product to ensure comprehensive risk cover for crops to farmers against all non-preventable natural risks from pre-sowing to post-harvest and to provide adequate claim amount. The scheme is demand driven and available for all farmers.
4	Interest Subvention Scheme (ISS)	The Interest Subvention Scheme (ISS) provides concessional short term agri-loans to the farmers practicing crop husbandry and other allied activities like animal husbandry, dairying and fisheries. ISS is available to farmers availing short term crop loans up to Rs.3.00 lakh at an interest rate of 7% per annum for one year. Additional 3% subvention is also given to the farmers for prompt and timely repayment of loans thus reducing the effective rate of interest to 4% per annum. The benefit of ISS is also available for post-harvest loans against Negotiable Warehouse Receipts (NWRs) on crop loans for a further period of six months post-harvest to small and marginal farmers having Kisan Credit Cards (KCCs), on occurrence of natural calamities and severe natural calamities.

5	Per Drop More Crop (PDMC)	Per Drop More Crop scheme mainly focuses on water use efficiency at farm level through precision/micro irrigation. Besides promoting precision irrigation (drip and sprinkler irrigation systems) and better on-farm water management practices to optimize the use of available water resources, this component also supports micro level water storage or water conservation/management activities to supplement micro irrigation.
6	Sub-Mission on Agriculture Extension (SMAE)	The scheme aims at making the extension system farmer driven and farmer accountable by disseminating technology to farmers through new institutional arrangements viz. Agricultural Technology Management Agency (ATMA) at district level to operationalize extension reforms in a participatory mode.
7	Sub-Mission on Agriculture Mechanization (SMAM)	Sub Mission on Agricultural Mechanization (SMAM) is being implemented w.e.f April, 2014 which aims at catalyzing an accelerated but inclusive growth of agricultural mechanization in India with the objectives of Increasing the reach of farm mechanization to small and marginal farmers and to the regions where availability of farm power is low, Promoting 'Custom Hiring Centres' to offset the adverse economies of scale arising due to small landholding and high cost of individual ownership, Creating hubs for hi-tech& high value farm equipment, Creating awareness among stakeholders through demonstration and capacity building activities and Ensuring performance testing and certification at designated testing centers located all over the country.
8	Sub-Mission on Seed and Planting Material (SMSP)	SMSP covers the entire gamut of seed production chain, from production of nucleus seed to supply of certified seeds to the farmers, to provide support for creation of infrastructure conducive for development of the seed sector, support to the public seed producing organisations for improving their capacity and quality of seed production, create dedicated seed bank to meet unforeseen circumstances of natural calamities, etc.

9	Paramparagat Krishi Vikas Yojana (PKVY)	Paramparagat Krishi Vikas Yojana (PKVY) aims at development of sustainable models of organic farming through a mix of traditional wisdom and modern science to ensure long term soil fertility build-up, resource conservation and helps in climate change adaptation and mitigation. It primarily aims to increase soil fertility and thereby helps in production of healthy food through organic practices without the use of agro-chemicals.
10	National Food Security Mission (NFSM)	The Mission aims at increasing production of rice, wheat, pulses coarse cereals (maize & barley), nutri-cereals (jowar, bajra, ragi & other small millets) and commercial crops (jute, cotton & sugarcane) and oilseeds through area expansion and productivity enhancement in a sustainable manner in the identified districts of the country.
11	Integrated Scheme for Agriculture Marketing (ISAM)	ISAM supports state governments in governing the agricultural produce marketing through creation and improvement of market structures, capacity building and generating access to market information. During 2017-18, National Agriculture Market Scheme popularly known as e-NAM scheme has also been made part of the same.
12	Mission for Integrated Development of Horticulture (MIDH)	Mission for Integrated Development of Horticulture (MIDH), a Centrally Sponsored Scheme was launched during 2014-15 for holistic growth of the horticulture sector covering fruits, vegetables, root and tuber crops, mushrooms, spices, flowers, aromatic plants, coconut, cashew, cocoa and Bamboo.
13	National Bamboo Mission (NBM)	To increase the area under bamboo plantation in non-forest Government and private lands to supplement farm income and contribute towards resilience to climate change as well as availability of quality raw material requirement of industries.
14	Soil Health Card (SHC)	Soil Health Card is used to assess the current status of soil health and, when used over time, to determine changes in soil health that are affected by land management. A Soil Health Card displays soil health indicators and associated descriptive terms. The indicators are typically based on farmers' practical experience and knowledge of local natural resources. The card lists soil health indicators that can be assessed without the aid of technical or laboratory equipment.
15	Mission Organic Value Chain Development for North	The mission aims at development of crop commodity specific organic value chain and address gaps in organic crop production, wild crop harvesting, organic livestock

	Eastern Region (MOVCDNER)	management and processing handling and marketing of organic agricultural products in north eastern states.
16	Agriculture Infrastructure Fund (AIF)	Medium - long term debt financing facility of Rs 1 lakh crore for investment in viable projects for post-harvest management Infrastructure and community farming assets through interest subvention and financial support.
17	Rainfed Area Development (RAD)	The Scheme aims to promote integrated farming systems by focusing on multi-cropping, crop rotation and allied activities like livestock, apiculture etc. Integrated farming systems helps in minimizing adverse impact of crop failure through diversified systems thereby enhancing production and productivity of rainfed area and helping in sustaining the income of small and marginal farmers even in climatic variability.
