STATEMENT REFERRED TO IN REPLY TO PARTS (a) TO (c) OF UNSTARRED QUESTION NO. 2708 BY SHRI GHANSHYAM TIWARI ANSWERED IN RAJYA SABHA ON 11.08.2023 REGARDING DEVELOPMENT OF INFRASTRUCTURE OF RAILWAY STATIONS IN RAJASTHAN

(a) to (c) The Amrit Bharat Station Scheme has recently been launched for development of stations on a continuous basis with a long-term approach. It involves preparation of Master Plans and their implementation in phases to improve the amenities at the stations like improvement of station access, circulating areas, waiting halls, toilets, lift/escalators as necessary, cleanliness, free Wi-Fi, kiosks for local products through schemes like ‘One Station One Product’, better passenger information systems, Executive Lounges, nominated spaces for business meetings, landscaping etc. keeping in view the necessity at each station.

The scheme also envisages improvement of building, integrating the station with both sides of the city, multimodal integration, amenities for Divyangjans, sustainable and environment friendly solutions, provision of ballastless tracks, ‘Roof Plazas’ as per necessity, phasing and feasibility and creation of city centres at the station in the long term.

So far 1309 Railway Stations have been identified under this scheme including 83 numbers of stations in the State of Rajasthan. The list of 83 stations identified to be taken up under the Amrit Bharat Station Scheme in the State of Rajasthan is given below:
