

GOVERNMENT OF INDIA  
MINISTRY OF RURAL DEVELOPMENT  
DEPARTMENT OF RURAL DEVELOPMENT

**RAJYA SABHA**  
**STARRED QUESTION NO. 195**  
ANSWERED ON 20/12/2023

**PERFORMANCE OF STATES IN MAJOR SCHEMES OF MINISTRY**

195 DR. SASMIT PATRA:

Will the Minister of RURAL DEVELOPMENT be pleased to state:

- (a) the performance of States with regard to work done in the major programs of the Ministry;
- (b) the details of best practices followed by performing States under various programs of the Ministry; and
- (c) the details of the awards, achievements and appreciation conferred on the state of Odisha by the Ministry over the last three years?

**ANSWER**  
MINISTER OF RURAL DEVELOPMENT  
(SHRI GIRIRAJ SINGH)

(a): to (c): A Statement is laid on the Table of the House.

STATEMENT REFERRED TO IN REPLY TO PART (a) to (c) OF THE RAJYA SABHA  
STARRED QUESTION NO.195 FOR REPLY ON 20.12.2023

(a): Department of Rural Development (DoRD), Ministry of Rural Development (MoRD) is implementing a number of schemes all over the rural areas of the country, namely Mahatma Gandhi National Rural Employment Guarantee Scheme (Mahatma Gandhi NREGS), Pradhan Mantri Awaas Yojana– Gramin (PMAY-G), Pradhan Mantri Gram Sadak Yojana (PMGSY), Deendayal Antyodaya Yojana – National Rural Livelihoods Mission (DAY-NRLM), Deen Dayal Upadhyay – Gramin Kaushalya Yojana (DDU-GKY), Rural Self Employment Training Institutes (RSETIs) and National Social Assistance Programme (NSAP). Further, Department of Land Resources (DoLR), MoRD is also implementing Watershed Development Component (WDC) of Pradhan Mantri Krishi Sinchayee Yojana (PMKSY) with primary objective to develop rainfed/degraded lands. The performance of States with regard to work done in these schemes/ Programmes is at **Annexure**.

(b): The guidelines of the schemes/programmes of this Ministry provide detailed mechanism for their effective implementation and it is the responsibility of each States/UT to ensure their effective implementation. Betterment of implementation of the schemes/programmes is a continuous process and this Ministry holds regular interaction with the State Governments for cross-learning of the innovative methods adopted by any State/UT. With a view to this, Ministry is taking up various steps to ensure effective implementation of these schemes to ensure that benefits of these schemes reached to all poor people of the rural areas of the country. Some of the major strategies in this regard are:

- i. In order to ensure that the schemes reach closure, the Ministry has evolved a comprehensive multi-level and multi-format system of monitoring and evaluation of the implementation of rural development schemes, including Performance Review Committee Meetings, District Development Co-ordination and Monitoring Committee (“DISHA”) meetings, National Level Monitors (NLMs), Area Officers Schemes, Common Review Mission, Concurrent Evaluation and Impact Assessment Studies. State specific reviews of States/UTs are also undertaken from time to time.
- ii. The schemes of the Rural Development have been brought upon end-to-end transaction based MIS, which enables all the stakeholders to monitor status of schemes in a real time basis. The works are photographed with geo-tags and time stamps. All the data of RD schemes are available on public domain.
- iii. In addition to above, the Ministry has arranged for sufficient fund for completion of works and further, bottlenecks like forest clearance that require facilitation with Ministry of Environment and Forests or Banks are also arranged.
- iv. Social Audits are also conducted for some Schemes like Mahatma Gandhi NREGS and PMAY-G. Appointment of Ombudsman is also made for attending to any grievances regarding MGNREGA works. In addition, grievance redressal is being given due attention in all schemes of the Rural Development.
- v. States are advised to recruit adequate staff for implementation of the programme. Norms have been laid for staffing. Funds are provided for supporting hiring of manpower and other administrative expenditure. The training and orientation of programme manpower is also arranged from time to time.
- vi. Norms for administrative and technical oversight and audit have been laid down. Mobile application for inspection viz. Area Officer App has been developed. Similar apps have been developed or are under development in other areas too. The performance of officials are monitored against them.
- vii. Regular coordination with the State Govt. for preparation of the fund release proposals and documentation is made and timely advice is tendered to them in this regard. In cases of delay, the matter is escalated to higher levels for seeking release of funds.

- viii. Women networks, community based organisations and civil society organisations are mobilised for creating demand from below for proper implementation of the schemes.
- ix. Information Education and Communication (IEC) campaigns including wall paintings for the wide dissemination of the schemes are undertaken.
- x. Under NSAP, State Governments are encouraged to top up the assistance provided by the Central Government.
- xi. DAY-NRLM ensures that the poor are provided with the requisite skills for managing their institutions, linking up with markets, managing their existing livelihoods, enhancing their credit absorption capacity and credit worthiness, etc. A multi-pronged approach is envisaged for continuous capacity building of the targeted families, SHGs, their federations, government functionaries, bankers, NGOs and other key stakeholders. Particular focus is on developing and engaging community professionals and community resource persons for capacity building of SHGs and their federations and other collectives. Extensive use of ICT is being taken to make knowledge dissemination and capacity building more effective.
- xii. The financial support is provided to SHGs and their federations in the form of Revolving Fund (RF) and Community Investment Support Fund (CISF) to enable them to take up economic activities for income generation.
- xiii. Under PMGSY, it has been provided to construct a minimum of 15% of roads under new technologies and locally available materials and also to adopt green technology. The technology intervention introduced by the Ministry has helped in introduction of more than 40 technologies including waste plastics, cold mix technology, cell filled concrete, stabilization using cement and lime, nano technology and Full Depth Reclamation (FDR). Adoption of these technologies has helped deliver savings in fuel and natural resources and reduced the roads' carbon footprint.

(c): The details of achievements under various schemes of the States/UTs by this Ministry over the last three years, including Odisha, are given at Annexure. During the last three years, three SHGs from Puri, Nabarangpur and Kalahandi of Odisha received best performing Award in the State Level Function of 70th All India Co-operative week 2023.
