- (c) the details of the funds that were accorded approval during the financial year 2021-22 and 2022-2023?

ANSWER

**THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY
WELFARE**

(DR. BHARATI PRAVIN PAWAR)

(a) and (b) : The Free Diagnostic Service Initiative (FDSI) was launched in July 2015 to provide accessible and affordable pathological and radiological diagnostics services closer to the community, reducing Out-of-Pocket Expenditure (OOPE). It encompasses free laboratory services, free Tele Radiology Services and free CT Scan services. The objective of FDSI is to provide free of cost diagnostic services, a minimum set of essential diagnostic tests as per the Essential Diagnostic List at each level of public health facility as (14 tests at Sub Centres (SCs), 63 tests at Primary Health Centres (PHCs), 97 tests at Community Health Centres (CHCs), 111 tests at Sub-District Hospitals (SDHs) and 134 tests at District Hospitals (DHs).

The operational guideline and the model tender document were shared with the States in July 2015. The detailed guidelines are available at the following link: -
