ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS
(SHRI RAMESWAR TELI)

(a) & (b): Prices of petrol and diesel are market determined and Public Sector Oil Marketing Companies (OMCs) take appropriate decision on pricing of petrol and diesel. OMCs have not increased/revised prices since 6th April 2022. In fact, excise duty reductions done in November 2021 and May 2022 of Rs. 13/litre and Rs. 16/litre on petrol and diesel respectively were fully passed on to consumers. Some state governments also reduced state VAT to provide relief to citizens.

Government of India also took several other steps to insulate common citizens from high international prices, which included diversifying the crude import basket, windfall taxes on export of petroleum products, invoking the provisions of Universal Service Obligation to ensure availability of petrol & diesel in domestic market, increasing the blending of ethanol in petrol, etc.

The comparison of Retail selling prices of petrol and diesel in India and its neighboring countries as well as in developed countries as on October 2021 and October 2023 is given at Annexure.
