MECHANISM TO PREVENT PROFIT MAKING THROUGH SPECULATION

846. SHRI ANEEL PRASAD HEGDE:

Will the Minister of COMMERCE & INDUSTRY be pleased to state:

- (a) the list of countries to which vaccines were exported from India during 2020 to 2023, year-wise and quantity-wise;
- (b) whether Government has any mechanism to ensure that speculative methods are not resorted to for making profit in exports; and
- (c) the details of the quantum of wheat exported since 2020 country-wise and year-wise including current year?

ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY
(SMT. ANUPRIYA PATEL)

- (a) The list of countries to which vaccines were exported from India during 2020 to 2023, year-wise and quantity-wise is at Annexure-I.
- (b) It is a constant endeavor of Government of India to promote exports on a sustained basis. The concerns for speculation in exports are addressed on case to case basis that are specific to the situations. For instance, during the corona period, a sub-Group of the National Expert Group on Vaccine Administration for COVID-19 was constituted to consider all matters related to export of COVID-19 vaccines, take necessary decisions with due regard to domestic production and ensuring adequate availability for the national vaccine programme for COVID-19 and monitor the external supplies.
- (c) The details of the quantum of wheat exported since 2020 country-wise and year-wise including current year are at Annexure-II.

Annexure referred to in reply to Part (a) of Rajya Sabha Unstarred Question No. 846 for answer on 09/02/2024
