(a) to (d): UDAN is a demand-driven scheme, wherein airline operators assess the feasibility of operation on a particular route and bid under the scheme from time to time. Selection of airlines is done through a transparent bidding process.

In the State of Maharashtra, under the UDAN scheme, nine (09) Airports, namely, Kolhapur, Jalgaon, Solapur, Amravati, Nanded, Nasik, Ratnagiri, Gondia & Sindhudurg have been identified for revival and to operate RCS flights.

Six (06) Airports, namely, Kolhapur, Jalgaon, Nanded, Nasik, Gondia & Sindhudurg have already been operationalised under the UDAN Scheme.

The development work at Solapur and Amravati airports is currently in progress under the UDAN scheme.

Ratnagiri airport owned by the Indian Coast Guard in the State of Maharashtra, has been taken up for development by Maharashtra Airport Development Company Limited (MADC).

The unserved airports, in consultation with the State Government, are included in the scheme for bidding. The following are the unserved/underserved airstrips which are available in the RCS UDAN scheme for bidding in the State of Maharashtra : Akola, Baramati, Chandrapur, Darna Camp, Deolali, Dhulia, Gondia, Jath, Karad, Kawalpur, Kudal, Latur (MADC), Lonavala/AmbyValley, Osmanabad Phaltan, Ratnagiri, Shirpur & Waluj. In case, any airline bidder submits the proposal to connect the above airports/airstrips in future bidding rounds, the same will be considered for development as per the provisions of the UDAN Scheme.
