GOVERNMENT OF INDIA
MINISTRY OF HOUSING AND URBAN AFFAIRS
RAJYA SABHA
STARRED QUESTION NO. 65
ANSWERED ON 29/07/2024

SUCCESSFUL IMPLEMENTATION OF AMRUT SCHEME

65.   DR. SUMER SINGH SOLANKI

Will the Minister of HOUSING AND URBAN AFFAIRS be pleased to state:

(a) the details of the criteria specified for successful implementation of Atal Mission for Rejuvenation and Urban Transformation (AMRUT) scheme;

(b) the number of States and cities that have adopted the scheme so far; and

(c) whether tribal areas have been included under the scheme, if so, the details thereof?

ANSWER

THE MINISTER OF HOUSING AND URBAN AFFAIRS

(SHRI MANOHAR LAL)

(a) to (c):   A statement is laid on the table of the House.

(a): The Atal Mission for Rejuvenation and Urban Transformation (AMRUT) was launched on 25 June 2015, as first urban water focused Missionin 500 cities across the country with the population of 1 lakh and above (as per census 2011). The thrust areas of the Mission were water supply, sewerage & septage management, storm water drainage, green spaces & park, non-motorized urban transport and capacity building. The Mission focuses on development of basic urban infrastructurein the Mission cities with the following expected outcomes:

(i)   Universal coverage for access to potable water for every household (HH) in Mission cities as per 2011 population;

(ii)   Substantial improvement in coverage and treatment capacities of sewerage/ septage facilities;

(iii)   Increase the amenity value of cities by developing greenery and well-maintained open spaces (e.g. parks);

(iv)   Development of Storm water drains to reduce flooding

(iv)   Reduce pollution by switching to public transport or constructing facilities for non-motorized transport (e.g. walking and cycling).

To achieve the objectives, central funds for project were distributed among States/ UTs at the beginning, using an equitable formula in which equal (50:50) weightage was given to the urban population of each State/ UT (Census 2011) and the number of statutory towns inthe State/ UT.

Against the total plan size of ₹77,640 crore, ₹39,011 crore (50%) has been allocated to water supply, ₹32,456 crore (42%) to sewerage & septage projects, ₹2,969 crore (4%) towards drainage projects, ₹1,436 crore (2%) for non-motorised urban transport and ₹1,768 crore (2%) has been allocated for green spaces and parks.

Under AMRUT, 189 lakh water tap connections have been provided through AMRUT & in convergence with other schemes against targeted 139 lakh water connections. Similarly, 149 lakh sewer connections (including households covered through Faecal Sludge and Septage Management) against targeted 145 lakh sewer connections. Total sewage treatment projects of 6,232 Million Litres per Day (MLD) capacity have been approved under AMRUT, of which, 4,174 MLD sewage treatment capacity has been created and 1,437 MLD capacity has been developed for recycle/reuse. AMRUT scheme has led to

development of 2,414 parks adding 5,010-acre of green spaces. Additionally, development of 409-acre of green spaces is at implementation stage. 772 Storm Water Drainage projects have been completed under AMRUT. This has resulted in elimination of 3,556 water logging points and another 350 water logging points are at implementation stage. 320 Green Mobility projects have been completed to promote environment friendly mode of transport and infrastructure.

Capacity Building and a set of reforms in Urban Local Bodies (ULBs) have been included in the Mission. Reforms aim at improvement in service delivery, mobilization of resources and making municipal functioning more transparent Capacity Building further empowers municipal functionaries by providing suitable and relevant training.

For promoting energy conservation, 99 lakh out of 101 lakh identified conventional streetlights have been replaced with energy efficient LEDs leading to energy savings of 665.84 crore units (kWh) per annum, & reduction in CO_2 emission by 45.94 lakh tonnes per year. To make cities credit worthy, Credit rating work has been completed in 468 cities. 162 cities have received Investible Grade Rating (IGR), including 34 cities with rating of A- or above. ₹4,684 crore has been raised through municipal bonds by 12 ULBs and ₹285.83 crore has been released as incentive to these ULBs for bonds issuance. Online Building Permission System (OBPS) has been made operational in 3,599 towns including 449 AMRUT cities to facilitate online issuance of construction permits. Due to this reform, India's rank in Ease of Doing Business (EODB) in construction permits improved to 27 in World Bank's Doing Business Report (DBR) 2020 from 181 in 2018.

In order to fast-track the implementation of the Mission, its progress has been periodically reviewed with States/Union Territories (UTs) and monitored through regular video conferences, webinars, workshops etc. by the Ministry of Housing and Urban Affairs. There is a dedicated AMRUT portal for tracking the progress of projects. States/UTs update data on the portal on regular basis. Implementation of projects at field level are assessed and monitored by Independent Review and Monitoring Agencies (IRMAs), appointed by each State and UT.

(b): AMRUT mission was launched in 500 selected cities. Over the period, a total of 15 cities/ towns have been merged with other Urban Local Bodies (ULBs). The State/ UT wise number of cities (485 cities/ towns) is at ANNEXURE-I.

(c): A total of 47 AMRUT cities fall in districts having tribal population (ANNEXURE-II).

*****

ANNEXURE-I REFERRED TO IN REPLY TO PART (b) OF STARRED QUESTION NO. *65# REGARDING "SUCCESSFUL IMPLEMENTATION OF AMRUT SCHEME", DUE FOR ANSWER IN THE RAJYA SABHA ON 29.07.2024:

STATE-WISE LIST OF AMRUT CITIES

Name of State: Andhra Pradesh, Number of Cities: 33				
Adoni	Eluru	Kadapa	Narasaraopet	Tadepalligudem
