(c) Sir, the Policy on Highway Nest (Mini) was issued back in 2017 due to lack of large format wayside amenities along National Highway to provide some basic facilities such as tea/coffee/water/packages food items/toilet. However, over the last few years NHAI is focusing on development of large format wayside amenities wherein better and more facilities can be provided to the road users. NHAI has also setup up National Highways & Logistics Management Limited (NHLML), a company under NHAI with focus on development of standardised wayside amenities.
