ANSWER

THE MINISTER OF STATE FOR JAL SHAKTI
(SHRI RAJ BHUSHAN CHOUDHARY)

Water being a State subject, the State Governments fund, execute and maintain water resource projects based on their resources and priorities. The Central Government supplements the efforts of the States and Union Territories (UTs) by providing technical and financial assistance under various schemes. The Ministry supports various projects under Pradhan Mantri Krishi Sinchayee Yojana (PMKSY), Dam Rehabilitation and Improvement Project (DRIP), Namami Gange, National River Conservation Plan (NRCP), Flood management (FM) and Inter-linking of river projects. These projects are reviewed, monitored, evaluated and updated on a regular basis through continuous consultation with stake holders.

All projects supported by Government of India in the water resources sector aim to improve water security in the State.
