

GOVERNMENT OF INDIA  
MINISTRY OF ELECTRONICS AND INFORMATION TECHNOLOGY  
**RAJYA SABHA**  
**UNSTARRED QUESTION NO. 545**  
TO BE ANSWERED ON: 26.07.2024

**SCHEME FOR SCALING UP ELECTRONICS PRODUCTION**

**545. SHRI SANJAY SETH:**

Will the Minister of ELECTRONICS AND INFORMATION TECHNOLOGY be pleased to state:

- (a) whether Government has any schemes or programs for building a components ecosystem to scale up electronics production in the country, if so, the details thereof;
- (b) whether Government has conducted an impact assessment of quantum of high tariff rates that affect the export market for electronics, if so, the details thereof; and
- (c) whether Government has any plans to roll out programmes to adjust tariff rates to global competition in mobile phone production, if so, the details thereof?

**ANSWER**

MINISTER OF STATE FOR ELECTRONICS AND INFORMATION  
TECHNOLOGY  
(SHRI JITIN PRASADA)

(a) to (c): Following are the programs focused on development of components ecosystem:

- (i) The Scheme for Promotion of Manufacturing of Electronic Components and Semiconductors (SPECS) was notified on 01.04.2020 and was open to receive applications upto 31.03.2024. The scheme provides a financial incentive of 25% on capital expenditure for electronic components, e-waste recycling, mechanics, micro/nano-electronic components, solar photovoltaic (SPV) polysilicon, SPV wafers and solar cells, specialized sub-assemblies and capital goods for manufacture of aforesaid goods. As of, 30.06.2024, incremental investment of Rs. 8,803.14 crores had been made under the SPECS scheme. This has led to production of Rs. 18,083.55 crores till 30<sup>th</sup> June, 2024
- (ii) **Production Linked Incentive (PLI) Scheme for Large Scale Electronics:** To boost domestic manufacturing and attract investment in mobile phones value chain including electronic components and semiconductor packaging, Production Linked Incentive Scheme (PLI) for Large Scale Electronics Manufacturing was notified on 01.04.2020. The scheme extends an incentive of 3% to 6% on incremental sales (over base year) of goods manufactured in India and covered under target segments viz. Mobile Phones and Specified Electronic Components, to eligible companies, for a period of 5 years. Till 30th June, 2024, incremental investment of Rs 8,390 Crores had been made under the PLI scheme. This has led to production of Rs 5,14,960 Crores till 30th June, 2024.

Rationalization of tariff structure is an ongoing process.
