SKILL GAP ANALYSIS IN TEXTILE AND CLOTHING SECTOR

635. SHRI V. VIJAYASAI REDDY:

Will the Minister of TEXTILES be pleased to state:

- (a) whether it is a fact that skill gap analysis in textile and clothing sector was conducted more than four years ago;
- (b) if so, the estimated training requirement in the country as per the above analysis, with a particular reference to Andhra Pradesh;
- (c) whether a fresh skill gap analysis was made, since last analysis was made four years back;
- (d) to what extent SAMARTH Scheme is helping to address the skill gap; and
- (e) the details of performance achieved under SAMARTH Scheme since its implementation, year-wise and State-wise, with a particular reference to Andhra Pradesh?

ANSWER

THE MINISTER OF STATE FOR TEXTILES
(SHRI PABITRA MARGHERITA)

(a) & (b): A skill gap analysis in textile and clothing sector of India was conducted through Textiles Committee in May 2018 indicating a training requirement for 177 lakh workers till 2030 (optimistic scenario), including 3 lakh for Andhra Pradesh.

(c) & (d): Keeping in view the skill gap analysis the SAMARTH scheme (Scheme for Capacity Building in the Textile Sector) initiative, was launched by the Government of India, to bridge the skill gap in the textile sector through demand-driven, placement-oriented skilling programs aligned with the National Skills Qualifications Framework (NSQF). Samarth significantly enhances employability by providing industry-relevant training. Since 2020-21, 3,20,332 beneficiaries have been skilled under the scheme boosting the skill workforce. A fresh skill gap analysis will be carried out at an appropriate time.

(e): The details of beneficiaries skilled under Samarth scheme since 2020-21, year-wise and state-wise including Andhra Pradesh are given at **Annexure-I**.

Annexure-I

The details of beneficiaries skilled under Samarth scheme since 2020-21, year-wise and state-wise including Andhra Pradesh are as given below:
