MINISTRY OF COMMERCE & INDUSTRY
DEPARTMENT FOR PROMOTION OF INDUSTRY AND INTERNAL TRADE
RAJYA SABHA**

**UNSTARRED QUESTION NO. 1322.
TO BE ANSWERED ON FRIDAY, THE 06TH DECEMBER, 2024.**

**INDUSTRIAL CITIES UNDER NATIONAL INDUSTRIAL CORRIDOR
DEVELOPMENT PROGRAMME**

1322. Shri Randeep Singh Surjewala:

Will the Minister of **Commerce and Industry** be pleased to state:

- (a) the details of the framework and timeline for the completion of the recently approved twelve industrial nodes/cities under the National Industrial Corridor Development Programme;
- (b) the names of industrial nodes/cities proposed, under development, and completed under the National Industrial Corridor Development Programme since its inception;
- (c) whether there is any provision for collaboration with any international entity or private entity in the development of these cities, if so, the details thereof; and
- (d) whether the infrastructure development of these industrial cities will be sector-specific; if so, the details thereof?

**ANSWER
THE MINISTER OF COMMERCE & INDUSTRY
(SHRI PIYUSH GOYAL)**

- (a): Govt. of India has approved 12 new industrial smart city projects on 28th Aug, 2024 with a total project cost of Rs. 28,602 crore (including land cost) for development of trunk infrastructure packages. As per the approved institutional & financial framework of Industrial Corridor Programme, State Govt provides land and GoI through National Industrial Corridor Development and Implementation Trust (NICDIT) provides the equity for development of internal trunk infrastructure components. The tentative construction timelines of trunk infrastructure is 36-48 months from the actual date of appointment of EPC Contractor.
- (b): The details of projects under National Industrial Corridor Programme at various stages are at **Annexure**.
- (c): Each industrial city/area/node under National Industrial Corridor Development Program is managed by a Special Purpose Vehicle (SPV). SPV may have suitable representation from private sector wherever the State Government decides to involve the private sector. It is also authorized to leverage innovative infrastructure funding and delivery tools such as user fee funding, pricing innovations, and delivery through various PPP arrangements for development of industrial smart cities. The State Government, as deemed appropriate, may also seek bi-lateral/multi-lateral funding for this purpose.

(d): Focus sectors are defined differently for different industrial smart cities. The process involves preparation of market demand assessment report for defining focus sectors. Some of the focus sectors are Heavy Engineering, Auto & Ancillaries, General manufacturing, Pharma & Bio Tech, Electronics Industries, IT& ITES, Agro, Food processing, Computer, Electronic & Optical Products, Aerospace, Rubbers & Plastic, Fabricated Metal Products, R&D, ICT, Electronics Industries, Fabrications (semiconductors), Nanotechnology & Opto electronics.
