(c & d) Government of India attaches highest priority to the safety, security and welfare of Indian fishermen. The fishermen issue is dealt with in a bilateral manner and the Government has been taking up the fishermen issues, including the early release and repatriation of Indian fishermen and fishing boats, with respective governments through diplomatic channels, various official interactions and established bilateral mechanisms. The matter of early release and repatriation of Indian fishermen is consistently raised with respective countries at all levels and it is conveyed that this issue may be considered purely on humanitarian and livelihood grounds. Further, our Missions and Consulates in respective countries make regular visits to local jails and detention centers to ascertain the condition of Indian fishermen and provide requisite help and support, including legal assistance. Our Missions also provide necessary travel documents to facilitate repatriation of released fishermen to India.

With respect to Sri Lanka, during his visit in October 2024, the External Affairs Minister discussed the issues related to fishermen with the new political leadership. The issue is also dealt with through bilateral institutional mechanisms such as the regular meetings of the bilateral Joint Working Group on fisheries, which includes representatives from the Government of Tamil Nadu. The last JWG meeting on fisheries was held on 29 October 2024.
