GOVERNMENT OF INDIA MINISTRY OF EDUCATION DEPARTMENT OF HIGHER EDUCATION

RAJYA SABHA UNSTARRED QUESTION NO-204

ANSWERED ON - 27/11/2024

INCLUSION OF LINGUISTIC HERITAGE OF THE COUNTRY IN THE NEW EDUCATION POLICY

204 Shri Ajit Kumar Bhuyan:

Will the Minister of EDUCATION be pleased to state:

- (a) whether Government has any plan to promote and preserve rich linguistic heritage of the country through New Education Policy;
- (b) if so, the details thereof;
- (c) the details as to how New Education Policy aims to integrate technology into the new education system to promote and preserve rich linguistic heritage of the country; and
- (d) the steps taken by Government to leverage technology for Bharatiya languages and promote search engine localization?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF EDUCATION

(DR. SUKANTA MAJUMDAR)

(a) to (d): National Education Policy 2020 places strong emphasis on the fusion of technology with education, particularly in the context of preserving and promoting the nation's diverse linguistic heritage/diversity. National Council of Educational Research and Training (NCERT) is running a Bhasha Sangam programme as also Machine Translation cell which is translating various books into the scheduled languages. All India Council for Technical Education (AICTE) and University Grants Commission (UGC) have leveraged Anuvadini App to translate books for Under Graduate and Post Graduate courses including technical books in multiple Indian languages. The translated books are available on e-KUMBH portal. National Eligibility cum Entrance Test (NEET), Joint Entrance Exam (JEE) and Common University Entrance Test (CUET) have been conducted in 13 languages.

Engineering education is being imparted in certain (AICTE) approved institutions in 8 regional languages. Course material including text books and teaching resources are available on Digital Infrastructure for Knowledge Sharing (DIKSHA) portal in 33 Indian Languages. Central Institute of Indian Languages (CIIL) in collaboration with NCERT developed primers in various languages/ mother tongues.

Ministry of Electronics and Information Technology (MEITY) has launched Mission Digital India Bhashini in the year 2022 to develop core language technologies for speech and text translation for 22 Scheduled Indian languages in the open source. The Bhashini open Application Programming Interface (APIs) for language translation in text and voice have been listed on API Setu (https://apisetu.gov.in). Bhashini APIs are available for anyone to integrate with any application.
