MINISTRY OF COAL

RAJYA SABHA
UNSTARRED QUESTION NO. 2269
TO BE ANSWERED ON 16.12.2024

Coal storage facilities

2269 Shri G.C. Chandrashekar:

Will the Minister of **COAL** be pleased to state:

- (a) the current coal storage facilities available in the country, company-wise and mine-wise details thereof;
- (b) whether Government has made any assessment regarding the potential demand of coal in the country for the next coming years;
- (c) if so, the steps taken by Government to fulfil the demand of coal; and
- (d) the production and demand of coal from 2021 to till date, the details thereof, mine-wise?

ANSWER

MINISTER OF COAL AND MINES
(SHRI G. KISHAN REDDY)

(a): Coal India Limited (CIL) has earmarked sites for stacking coal at Pit heads and at Railway Sidings. The coal stocks of CIL, subsidiary company-wise and mine-wise as on 30.11.2024, is enclosed in **Annexure A**.

The Singareni Collieries Company Limited (SCCL) has earmarked sites for stacking coal at coal stock yards at mines, CHPs and other dispatch points, bunkers etc. The ground stock available as on 30.11.2024 is 5.08 MT. The details of area-wise ground stock available are as below:

SL.NO	Area	Ground stock (MT)
1	Kothagudem	0.64
2	Yellandu	0.35
3	Manuguru	0.18
4	Ramagundem - I	0.30
5	Ramagundem - II	0.58
6	Ramagundem - III	0.56
7	Adriyala Project	0.02
8	Bellampalli	0.03
9	Mnadmarri	0.65
10	Srirampur	0.86
11	Bhupalpalli	0.91
Total		5.08

NLCIL has only coal mine Talabira II & III OCP at Odisha, which has coal stocking capacity of 5 LT.

(b): Coal demand projection till 2029-30 forecasted by an Inter-Ministerial Committee (IMC) is given below in the table.

(in Million Tonnes)

(c): The focus of the efforts made by the Government is on increasing the domestic production of coal. Most of the requirement of coal in the country is met through indigenous production and supply. The steps taken by the Government to sustain and increase growth in production of coal are as under:

- i. Regular reviews by Ministry of Coal to expedite the development of coal blocks.
- ii. Enactment of Mines and Minerals (Development and Regulation) Amendment Act, 2021 [MMDR Act] for enabling captive mines owners (other than atomic minerals) to sell up to 50% of their annual mineral (including coal) production in the open market after meeting the requirement of the end use plant linked with the mine in such manner as may be prescribed by the Central Government on payment of such additional amount.
- iii. Single Window Clearance portal for the coal sector to speed up the operationalization of coal mines.
- iv. Project Monitoring Unit for hand-holding of coal block allottees for obtaining various approvals / clearances for early operationalization of coal mines.
- v. Auction of commercial mining on revenue sharing basis launched in 2020. Under commercial mining scheme, rebate of 50 % on final offer has been allowed for the quantity of coal produced earlier than scheduled date of production. Also, incentives on coal gasification or liquefaction (rebate of 50 % on final offer) have been granted.
- vi. Terms and conditions of commercial coal mining are very liberal with no restriction on utilization of coal, allowing new companies to participate in the bidding process, reduced upfront amount, adjustment of upfront amount against monthly payment, liberal efficiency parameters to encourage flexibility to operationalize the coal mines, transparent bidding process, 100% Foreign Direct Investment (FDI) through automatic route and revenue sharing model based on the National Coal Index.

In addition to the above, coal companies have also taken the following steps to increase the domestic coal production:

- i. Coal India Limited (CIL) has adopted a number of measures to increase coal production. In its Underground (UG) mines, CIL is adopting Mass Production Technologies (MPT), mainly with Continuous Miners (CMs), wherever feasible. CIL has also planned Highwalls (HW) mines in view of the availability of Abandoned/ Discontinued mine. CIL is also planning large capacity UG mines wherever feasible. In its Opencast (OC) mines, CIL already has State-of-the- Art technology in its high-capacity Excavators, Dumpers and Surface Miners.
- ii. Regular liaison is being undertaken by Singareni Collieries Company Limited (SCCL) for grounding of new projects and operation of existing projects. SCCL has initiated action for developing infrastructure for evacuation of coal like Coal Handling Plants (CHPs), Crushers, Mobile Crushers, Pre-weigh-bins etc.

(d): The total demand and total supply of coal during the last three years are given below:

(in Million Tonnes)

	2021-22	2022-23	2023-24	2024-25 upto Nov.2024
Total Demand/ Supply	1027.22	1115.04	1237.54	786.64
Domestic Supply	819.21	877.37	973.01	657.12
Import	208.63	237.67	264.53	129.52*
* import up to September, 2024				

The mine-wise production during 2021-22, 2022-23 and 2023-24 is given in **Annexure- B**.
