UNSTARRED QUESTION NO. 2576
ANSWERED ON 18/12/2024

Higher education abroad

2576 Shri Sanjay Kumar Jha:

Will the Minister of *Education* be pleased to state:

- (a) whether Government has details about the students going abroad for higher studies;
- (b) if so, the number of students went abroad during the last three years, country-wise details thereof;
- (c) whether Government is monitoring the number of students returning from abroad after their higher studies;
- (d) if so, the details thereof;
- (e) whether Government has considered the outpour of bright students to abroad for higher studies and their subsequent migration will lead to a 'brain drain' scenario in future; and
- (f) if so, the policy initiatives taken or proposed to be taken by Government to prevent this?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF EDUCATION
(DR. SUKANTA MAJUMDAR)

(a) to (f): The Ministry of Education does not maintain data related to Indian students going abroad for higher studies. As per information provided by the Bureau of Immigration (BoI), the number of Indians who disclosed their purpose of visit as STUDY/EDUCATION while going abroad in the last three years is under:

Year	2021	2022	2023
Number of Students	444553	750365	892989

Year wise and countries wise detail is available at **Annexure**.

Higher studies abroad are a matter of individual will and choice. The Government recognizes the reality of a global workplace, especially in an era of knowledge economy. A successful, prosperous, and influential diaspora is viewed as an asset for India. The Government's efforts are also aimed at harnessing the potential of the diaspora, including the sharing of knowledge and expertise.

Under the National Education Policy (NEP) 2020, Government of India has undertaken

comprehensive action to ensure high-quality education at every level in India. One of the key aspects of NEP 2020 is “Internationalisation of Education” which aims to establish India as a global destination for education and to promote and share best academic & research practices through interactions among diverse education systems.

In alignment with the vision of NEP 2020 and to make available the campuses of eminent Global Higher Institutes in India, University Grants Commission (UGC) has issued “UGC (Setting up and Operation of Campuses of Foreign Higher Educational Institutions in India) Regulations 2023.” UGC has also issued “UGC (Academic Collaboration between Indian and Foreign Higher Educational Institutions to offer Twinning, Joint Degree and Dual Degree Programmes) Regulations, 2021”, which allows students to do parts of their programmes from both Indian and foreign universities leading to academic and research excellence, as well as mobility of students and faculty.

International Financial Services Centres Authority (Setting up and Operation of International Branch Campuses and Offshore Education Centres) Regulations, 2022 have been issued to facilitate the establishment of campuses of world-class foreign universities in GIFT City, Gujarat.

Government of India has also undertaken several initiatives to ensure availability as well as affordability of quality education in the higher education domain through infrastructure upgradation of the institutions, accreditation of institutions and courses, promotion of research & innovation and augmenting the digital initiatives. Some of the initiatives are:

- Rashtriya Uchchatar Shiksha Abhiyan (RUSA)/ Pradhan Mantri Uchchatar Shiksha Abhiyan (PM-USHA) scheme provides financial support to State Governments under three components, (i) Enhancing quality and excellence in select state universities, (ii) Infrastructure grants to universities, and (iii) multi-disciplinary education and research universities (MERU).
- PM VidyaLaxmi Scheme aims to provide support to any student getting admission in quality Higher Education Institutions (QHEIs).
- Promotion of accreditation of Higher Educational Institutions (HEIs) through **National Assessment and Accreditation Council (NAAC)** to ensure quality education.
- To assess the qualitative competence of the programs offered by educational institution from diploma level to post-graduate level by **National Board of Accreditation (NBA)**.
- **8 Research Parks** at premier institutions has been established to serve as hubs for innovation, knowledge creation and have research collaboration with top-rated industries, to enable entrepreneurship and incubation of students and building strong academic linkages.
- Establishment of Anusandhan National Research Foundation (ANRF) which aims to seed, grow and promote research and development (R&D) and foster a culture of research and innovation throughout India’s universities, colleges, research institutions, and R&D laboratories.
- **Scheme for Promotion of Academic and Research Collaboration (SPARC)** to encourage research collaboration between top Indian Institutes with the premier foreign institutes;
- **One Nation, One Subscription** initiative to provide centralized access to high-quality academic resources, research papers, and journals to students, researchers, and educators across the country;
- To ensure high quality educational content to every learner through **SWAYAM, SWAYAM Plus etc.**

Further, University Grants Commission (UGC) has also taken several initiatives to enhance the quality of education, including financial support to HEIs. Some of the important initiatives are; Guidelines for Internship/Apprenticeship Embedded Degree Program, establishment of Research and Development Cells in HEIs, promoted the concept of Professor of Practice, Accessibility guidelines and standards for Higher Educational Institutions and Universities, started UTSAH Portal (Undertaking Transformative Strategies and Actions in Higher Education) to track achievements of NEP 2020, issued Curriculum and Guidelines on Life Skills (Jeevan Kaushal) 2.0, Malaviya Mission Teachers Training Programme, etc.
