

GOVERNMENT OF INDIA  
MINISTRY OF JAL SHAKTI  
DEPARTMENT OF DRINKING WATER & SANITATION

**RAJYA SABHA**  
**UNSTARRED QUESTION NO. 103**  
ANSWERED ON 03/02/2025

**WATER PIPELINES IN VILLAGES UNDER JJM**

103 SHRI JAVED ALI KHAN:  
SHRI RAMJI LAL SUMAN:

Will the Minister of JAL SHAKTI be pleased to state:

- (a) the details of pipelines in kilometres laid in villages under Jal Jeevan Mission for supply of safe drinking water during the last three years along with allocation, release and utilization of funds for the same, year-wise and State-wise;
- (b) whether Government is aware that awardee of contracts for laying of underground pipelines in villages leave the damaged villages' roads unrepaired causing inconvenience to residents against the guidelines of Government;
- (c) if so, the details of action Government proposes against the awardees of contracts; and
- (d) the number of such complaints that have been received during the last one year, State-wise?

**ANSWER**

THE MINISTER OF STATE FOR JAL SHAKTI  
(SHRI V. SOMANNA)

(a) : Government of India in partnership with States, is implementing Jal Jeevan Mission (JJM) – Har Ghar Jal to make provision of tap water supply to every rural household. At the start of Jal Jeevan Mission in August 2019, only 3.23 Crore (16.7%) rural households were reported to have tap water connections. So far, as reported by States/ UTs as on 30.01.2025, Jal Jeevan Mission (JJM) – Har Ghar Jal around 12.20 Crore additional rural households have been provided with tap water connections. Thus, as on 30.01.2025, out of 19.36 Crore rural households in the country, more than 15.44 Crore (79.71%) households are reported to have tap water supply in their homes. Further, to provide tap water connection across the country, the total approximately estimated length of pipeline is 86.31 lakh Kilometre (KM) based on the DPRs and may vary based on the actual work done. Out of the estimated length, transmission network is estimated to be 10.54 lakh KM and distribution network is estimated to be 75.77 KM.

State/ UT-wise and year-wise details of fund allocation, drawn and utilization reported under JJM in last three years and current year (as on 30.01.2025) is **annexed**.

(b) to (d) : Water being a State subject, States have been empowered to plan, design, approve, implement and operate & maintain drinking water supply schemes. As such, the responsibility of implementation, *inter alia* including repairing or constructing streets or roads that get affected while laying water supply pipelines, of rural water supply schemes taken up under JJM lies with State/ UT Governments and the funds available under JJM may be utilized for the same. Moreover, to avoid any hardships to the villagers, States have been advised to take up rural water schemes in a way with minimum damages to infrastructure such as roads/ highways and to restore the roads/ highways immediately in case of damages done while laying of pipelines for water supply systems. Further, through operational guidelines of the Mission, States have also been advised to incorporate requisite penalty clauses in the contract documents so as to disincentivize the agencies to avoid delay in implementation of the Mission.

As stated above, Water being a State subject, public grievances pertaining to JJM so received *inter alia* including restoration of roads, are forwarded to the respective States for their expeditious redressal. Moreover, regular reviews through field visits are also undertaken on a periodic basis to assess the quality of implementation of various works and components of the JJM and redressal of public grievances received for the State.
