- a. the number of cooperative societies included in the National Cooperative Database under International Year of Cooperative;
- b. whether this process has been carried out uniformly in all States and Union Territories; and
- c. the steps being taken to promote the use of this Database in areas where cooperative societies are not in good position?

ANSWER

THE MINISTER OF COOPERATION
(SHRI AMIT SHAH)

(a.) A comprehensive National Cooperative Database (NCD) has been developed by Ministry of Cooperation, Government of India, with the support of State/UT Governments. This database provides a single-point access to authentic and updated information on over 8.25 lakh cooperatives across the country. As per the NCD, the number of Cooperative societies registered under International Year of Cooperative from 01-01-2025 to 01-03-2025, is **1349**. The State-wise number of cooperative Societies registered during said period is attached at **Annexure-1**.

(b) Yes sir. The Central Government (MoC) provides the overall framework and guidelines, while the data of the Cooperative Societies is collected, entered, and updated in the database by nodal officers appointed by all the States/ UTs for this purpose.

(c) The NCD is openly accessible at URL: <https://cooperatives.gov.in>. This database can be used by policy makers to strengthen the cooperative movement, particularly in areas where societies are underperforming. The NCD captures data on parameters such as location, membership, economic activities, and linkages, aiding in identifying gaps in the geographical spread of cooperatives, including both covered and uncovered gram panchayats.

**State-wise number of Cooperative societies registered under International Year of
Cooperative from 01-01-2025 to 01-03-2025**
