

GOVERNMENT OF INDIA
MINISTRY OF JAL SHAKTI
DEPARTMENT OF DRINKING WATER & SANITATION

RAJYA SABHA
UNSTARRED QUESTION NO. 1848
ANSWERED ON 17/03/2025

TECHNICAL AND FINANCIAL ASSISTANCE TO STATES FOR DRINKING WATER

1848 SHRI ASHOKRAO SHANKARRAO CHAVAN:

Will the Minister of JAL SHAKTI be pleased to state:

- (a) whether any technical and financial assistance is being provided by the Central Government to State Governments through various schemes and programs, if so, the details thereof, State-wise;
- (b) whether Government has taken the cognizance of United Nation projections that 11 major cities of the country are likely to run out of drinking water in coming time;
- (c) if so, the details thereof and important steps/measures taken/being taken by Government to address the water shortages; and
- (d) whether the Central Government has any plan to prepare State-specific policy with regard to water scarcity issue, if so, the details thereof?

ANSWER

MINISTER OF STATE FOR JAL SHAKTI
(SHRI V. SOMANNA)

(a) to (d) Since August 2019, Government of India in partnership with States is implementing Jal Jeevan Mission (JJM) – Har Ghar Jal to make provision of potable water to every rural household of the country, through functional tap water connection i.e. at a service level of 55 litre per capita per day (lpcd), of prescribed quality (BIS:10500), on regular and long-term basis. At the start of the Mission, only 3.23 Crore (16.7%) rural households were reported to have tap water connections. So far, as reported by States/ UTs as on 12.03.2025, under Jal Jeevan Mission (JJM) – Har Ghar Jal around 12.29 Crore additional rural households have been provided with tap water connections. Thus, as on 12.03.2025, out of 19.36 Crore rural households in the country, more than 15.52 Crore (80.15%) households are reported to have tap water supply in their homes. State/ UT-wise details are as at **Annex-I**.

State/ UT-wise and year-wise details of fund allocation, drawn and utilization reported under JJM are at **Annex-II**.

In addition, a number of steps have been taken to plan and implement JJM in the whole country, with speed, *inter alia*, including joint discussions and finalization of saturation plans and annual action plans (AAP) of States/ UTs, regular review of implementation, workshops/ conferences/ webinars for capacity building, training, knowledge sharing, field visits by multi-disciplinary team to provide technical support, etc. A detailed Operational Guideline for the implementation of JJM; Margdarshika for Gram Panchayats & VWSCs to provide safe drinking water in rural households and Guidelines on a special campaign to provide piped water supply in anganwadi centres, ashramshalas and schools have been shared with States/ UTs to facilitate planning and

implementation of Jal Jeevan Mission. For online monitoring, JJM–Integrated Management Information System (IMIS) and JJM–Dashboard has been put in place. Provision has also been made for transparent online financial management through Public Financial Management System (PFMS).

Further, as informed by Ministry of Housing & Urban Affairs, Water being a state subject, management of water is the responsibility of the State Government. However, Ministry of Housing and Urban Affairs has taken several steps towards sustainable management and conservation of water in urban areas through issuance of various guidelines and implementation of National Missions i.e. Atal Mission for Rejuvenation and Urban Transformation (AMRUT) & AMRUT 2.0. Funds under AMRUT & AMRUT 2.0 are allocated/ released State/UTs wise and not component wise.

Under AMRUT, 1,405 water supply projects worth Rs.43,430 crore grounded of which works worth Rs.41,714 crore have been physically completed and in convergence with the States 189 lakh water tap connections (new/ serviced) have been provided under the Mission. Against the committed Central Assistance (CA) of Rs.35,990 crore for project Rs.34,901 crore has been released.

Moreover, under AMRUT 2.0 so far, 3,568 water supply projects worth Rs.1,14,220.62 Crore have been approved to cover 407 lakh new/service tap connections. Against the committed Central Assistance (CA) of Rs. 66,750 Crore for project, Rs.12,511.94 crore has been released/sanctioned.

In addition, as informed by Department of Water Resources, River Development and Ganga Rejuvenation (DoWR, RD & GR), National Water Policy (2012) has been formulated which, *inter-alia*, advocates rainwater harvesting and conservation of water and highlights the need for augmenting the availability of water through direct use of rainfall. It also *inter-alia*, includes conservation of rivers, river bodies and creation of infrastructure be undertaken in a scientifically planned manner through community participation. Further, encroachment and diversion of water bodies and drainage channels be not allowed and wherever, it has taken place, be restored to the extent feasible and maintained properly. DoWR, RD & GR has also advised States/ UTs to draft/ revise their water policies in accordance with the National Water Policy (2012).

Apart from this, the important steps taken by the Central Government for sustainable ground water management in the country can be seen at:
