- (c) The Government of India (GoI) has launched the National Viral Hepatitis Control Program (NVHCP) in 2018 under the aegis of National Health Mission (NHM), offering diagnostic and treatment services for Hepatitis C, A and E. The scope of the program was expanded to include diagnosis and management of Hepatitis B in 2019. Hepatitis B is a vaccine preventable disease and the program provides for administration of Hepatitis B birth dose vaccine & Hepatitis B Immunoglobulin to the babies born to Hepatitis B positive mothers.
