ANSWER

THE MINISTER OF STATE FOR NEW & RENEWABLE ENERGY AND POWER

(SHRI SHRIPAD YESSO NAIK)

(a) & (b) Under the PM Surya Ghar: Muft Bijli Yojana (PMSG: MBY), as on 27.01.2025, a total of 8.46 lakh households have been benefitted through installation of rooftop solar plants. The state/UT wise details are given at **Annexure I**. Out of these 8.46 lakh households, a total of 7,429 households are in state of Karnataka and the district wise detail is given at **Annexure II**.

(c) Receiving zero electricity bill, in a particular month, on installation of rooftop solar plant depends on various factors such as solar capacity of the rooftop solar plant, solar power generated, self-consumption of electricity by the consumer who has installed the rooftop solar plant and regulations issued by the respective state electricity regulator. Therefore, the number of such households is not fixed and is dynamic in nature for every month. However, estimates suggest around 45% of households are receiving zero electricity bill.

(d) to (f) Under the PMSG: MBY, as on 27.01.2025, a total of Rs 4308.66 crore have been released as Central Financial Assistance (CFA) to around 5.54 lakh residential consumers.

The average amount of CFA released to each of residential consumer under the scheme is around Rs 77,800.

Under PMSG: MBY, the entire process from application to CFA disbursement is online through the National Portal (www.pmsuryaghar.gov.in). With all credentials entered correctly on the National Portal, the average time taken in processing the CFA is around 15 days after redemption request made by the consumer.
