UNSTARRED QUESTION No. 446
ANSWERED ON 06/02/2025

SCIENTISTS HOLDING ADMINISTRATIVE POSITION

446. SHRI MALLIKARJUN KHARGE:

Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state:

- (a) the number of scientists within the Ministry's purview who currently hold administrative positions, such as directors, vice-chancellors or department heads, along with their respective designations and institutions;
- (b) whether the Ministry has assessed the impact of scientists holding dual roles as researchers and administrators on the efficiency and effectiveness of scientific research and administration; and
- (c) if so, the key findings of such assessments and the measures proposed or implemented to address any identified challenges?

ANSWER

MINISTER OF STATE (INDEPENDENT CHARGE) FOR THE
MINISTRY OF SCIENCE AND TECHNOLOGY & EARTH SCIENCES
(DR. JITENDRA SINGH)

(a) 187 scientists in the Institutes within the purview of the Ministry currently hold various administrative positions. The details are given in Annexure – I.

(b) to (c): Dual roles as researchers and administrators have identified both benefits and challenges. Directors with research expertise contribute valuable scientific insights to policy and administrative decisions, improving research alignment with institutional goals. Balancing research responsibilities with administrative duties can lead to time constraints, potentially affecting research productivity.
