

GOVERNMENT OF INDIA
MINISTRY OF JAL SHAKTI
DEPARTMENT OF DRINKING WATER & SANITATION

RAJYA SABHA
UNSTARRED QUESTION NO. 713
ANSWERED ON –10/02/2025

**JAL JEEVAN MISSION OUTREACH AND EFFECTIVENESS IN ANDHRA
PRADESH**

713. Shri Masthan Rao Yadav Beedha:

Will the Minister of JAL SHAKTI be pleased to state:

(a) the number of OBC, SC, ST households provided with tap water connections under the Jal Jeevan Mission in the State of Andhra Pradesh;

(b) the percentage of OBC, SC, ST dominated habitations fully covered under this mission in the State;

(c) the steps taken to ensure community participation, particularly OBC, SC, ST women households in water management Committees; and

(d) growth trends of average per capita, per day tap (pc/pd) water availability during the last five years, State-wise, in light of the intended national target of 55 liters pc/pd?

ANSWER

MINISTER OF STATE FOR JAL SHAKTI
(SHRI V. SOMANNA)

(a) to (d) : Government of India is committed to make provision for safe & potable tap water supply in adequate quantity i.e. 55 lpcd, of prescribed quality and on a regular & long-term basis to all rural households in the country. Towards this end, in August 2019, Government of India is implementing Jal Jeevan Mission (JJM) in partnership with States to make provision of tap water supply to every rural household. Water being a state subject, the responsibility of planning, approval, implementation, operation, and maintenance of drinking water supply schemes/works, including those under the Jal Jeevan Mission, lies with State/UT Governments. The Government of India supports the States by providing technical and financial assistance.

At the time of launch of JJM, out of total 95.53 Lakhs rural households in State of Andhra Pradesh, 30.74 Lakhs rural households (32.18%) of the State had tap water connections. Since then, about 39.72 Lakhs families living in rural areas have been provided with tap water connections in their homes and as on 06.02.2025, about 70.46 Lakhs (73.76%) households are having tap water connections. Out of 70.46 lakhs Household with tap water connections, 8.66 lakhs households belong to SC-community and 3.78 lakhs households belong to ST-community respectively. Data for households belonging to OBC community is not maintained separately.

As per information provided by State Government on JJM-IMIS, there are total of 48,353 habitations in the state, of which 9,988 habitations are marked as 'ST-dominated' and 7,838 habitations are marked as 'SC-dominated'. Out of which 3,570 'ST-dominated habitations' and 5,400 'SC-dominated habitations' have been saturated as on 06.02.2025.

To encourage community participation the operational guideline for the implementation of the JJM provide for constitution of a Village Water and Sanitation Committee (VWSC) /Panni Samiti/ User Group, etc. to carry out the responsibilities of water supply management in the village. This committee typically consists of 10-15 members, including up to 25% elected Panchayat members, 50% women, and the members from weaker sections (SC/ST) in proportion to their population out of the remaining 25%.

The details of State-wise tap water connections provided under JJM during last 5 years is attached at **Annexure**.

Annexure referred to in Rajya Sabha Unstarred Question No. 713 answered on 10.02.2025

Household with tap water connection provided under JJM during 2019-20 to 2024-25

(As on 06-Feb-2025)
