

GOVERNMENT OF INDIA
MINISTRY OF PETROLEUM AND NATURAL GAS

RAJYA SABHA
STARRED QUESTION NO. 155
ANSWERED ON 04.08.2025

EXPANSION OF CITY GAS DISTRIBUTION NETWORK AND CONSUMER BALANCE

*155 # SHRI TEJVEER SINGH:

Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

- (a) the number of new districts/cities that have been connected under the "City Gas Distribution" network during the year 2024-25;
- (b) whether price control mechanism and transparent billing system has been implemented for Piped Natural Gas (PNG) consumers in these schemes;
- (c) whether any integrated digital helpline has been started for consumer grievance redressal in coordination with the State Governments; and
- (d) whether any special policy has been made for CNG/PNG expansion in rural and tribal areas?

ANSWER

MINISTER OF PETROLEUM AND NATURAL GAS
(SHRI HARDEEP SINGH PURI)

(a) to (d): A Statement is laid on the Table of the House.

**STATEMENT REFERRED TO IN REPLY TO PARTS (A) TO (D) IN RESPECT OF
RAJYA SABHA STARRED QUESTION NO. 155 FOR REPLY ON 04.08.2025
REGARDING EXPANSION OF CITY GAS DISTRIBUTION NETWORK AND
CONSUMER BALANCE ASKED BY SHRI TEJVEER SINGH**

(a) to (c) Government have taken multiple steps to increase share of Natural Gas in primary energy mix. This includes expansion of National Gas Grid Pipeline, expansion of City Gas Distribution (CGD) network, setting up of Liquefied Natural Gas (LNG) Terminals, allocation of domestic gas to Compressed Natural Gas (Transport) / Piped Natural Gas (Domestic) CNG(T)/PNG(D) as priority sector, allowing marketing and pricing freedom with a ceiling price to gas produced from high pressure/high temperature areas, deep water & ultra-deep water and from coal seams, Sustainable Alternative Towards Affordable Transportation (SATAT) initiatives to promote CBG etc.

Providing Piped Natural Gas (PNG) connections and establishment of Compressed Natural Gas (CNG) stations are part of development of City Gas Distribution (CGD) Networks. The same is carried out by the entities authorized by the Petroleum and Natural Gas Regulatory Board (PNGRB) as per their Minimum Work Programme (MWP). PNGRB has authorized entities for development of CGD network in 307 Geographical Areas (GAs), covering the entire mainland area for the development of CGD network across the country.

The expansion of CGD network is a continuous process. During the year 2024–25, 57 new districts have been connected across various States under the CGD network, the details of which are at **Annexure –I**.

Government does not prescribe the selling price of PNG. The retail price of PNG in any GA is determined by the CGD entity after considering basic cost of gas, supply and distribution cost, entity margin and state taxes/ VAT. However, with a view to ensuring transparency and disclosure, the Government have issued guidelines to all CGD entities to furnish the complete breakup of PNG (Domestic) price on the invoice raised to the consumer. The breakup is to include the cost of gas to the entity, supply and distribution cost, entity's margin, VAT and any other tax. PNGRB also requires every authorized entity to incorporate in the consumer bill or invoice key information including consumption details, charges for last mile connectivity, taxes, levies, and sale price of gas supplied.

To address the grievances of individual consumers, Section 25 of the PNGRB Act, 2006 states that the complaints of the individual consumers are maintainable before the consumer disputes redressal forum under the Consumer Protection Act, 2019. Further, to protect the interest of the consumers, Regulation 11 of the PNGRB (Code of Practice for Quality of Service for City or Local Natural Gas Distribution Networks) Regulations, 2010 specifies creation of a Consumer Complaint Cell by the authorized CGD entity for registration of complaints/grievances personally, over telephone or through e-mail. Emergency contact numbers and Customer Care numbers of all CGD entities hosted on the PNGRB website are at **Annexure-II**. Further, the consumers can also lodge their grievances to the public authorities on any subject related to service delivery on Centralized Public Grievance Redress and Monitoring System (CPGRAMS) portal.

(d) As outlined above, the Government have taken various initiatives to enhance the reach of CGD network across the country. These initiatives have led to provisioning of more than 1.50 Crore PNG Domestic (PNG (D)) connections, establishing of more than 8000 CNG stations and laying of over 5.9 lakh inch-km pipeline.

The spread of Natural Gas (including rural and tribal areas) is also facilitated by the development of National Gas Grid. Petroleum and Natural Gas Regulatory Board (PNGRB) is the authority to grant authorization to entities to lay, build, operate and expand Natural Gas Pipelines (NGPL). PNGRB has authorized approximately 34200 km of NGPL network which include common carrier, spur line, tie-in connectivity and dedicated pipeline across the country to various entities out of which 25429 km have been made operational as on 31.03.2025. Upon completion of balance pipeline, which is under construction, the National Gas Grid will connect all major demand centres. This would ensure availability of Natural Gas across all regions (including rural and tribal areas) and facilitate downstream development of CGD networks, and also potentially help to achieve uniform economic and social progress.

The Government with the endeavor to provide cleaner cooking fuel have also been promoting LPG as a cooking fuel. As of July 01, 2025, there are a total of 33.05 Crore LPG connections. Further, with an objective to provide deposit free LPG connection to adult women from poor households across the country, Pradhan Mantri UjjwalaYojana (PMUY) was launched in May, 2016. As on 01.07.2025, there are 10.33 Crore PMUY connections across the country. More than 80% of PMUY connections are serving rural areas. About 3.13 Crore LPG connections have been released to SC/ST or households. Further, to enhance access of LPG in rural areas, 17646 distributors are serving rural areas out of a total of 25573 distributors in the country.

With the objective of promoting rural economy, the Government have been laying emphasis on setting up Compressed Bio Gas (CBG) plants in the rural areas under the Sustainable Alternative Towards Affordable Transportation (SATAT) scheme using agricultural waste, animal waste, press mud, etc. as feedstock (mainly found in rural and tribal areas). This facilitates localized Compressed Bio Gas generation and supports rural employment and entrepreneurship. As on July 01, 2025, a total of 113 CBG plants have been commissioned with a total production capacity of 775 TPD (out of which 95 plants utilize agricultural waste, animal waste, press mud).

ANNEXURE-I

ANNEXURE REFERRED TO IN REPLY TO PARTS (A) TO (C) IN RESPECT OF RAJYA SABHA STARRED QUESTION NO. 155 FOR REPLY ON 04.08.2025 REGARDING EXPANSION OF CITY GAS DISTRIBUTION NETWORK AND CONSUMER BALANCE ASKED BY SHRI TEJVEER SINGH.

New Districts Connected during FY24-25
