THE MINISTER OF FINANCE

वित्त एवं कारपोरेट कार्य मंत्री

**STATEMENT REFERRED TO IN REPLY TO PART (a) TO (d) OF RAJYA SABHA STARRED QUESTION NO. \*91 (1<sup>ST</sup> POSITION) FOR 29<sup>TH</sup> JULY, 2025 REGARDING “CIRP PROCEEDINGS AGAINST DEFAULTING CORPORATE DEBTORS”.**

(a) & (b): From December 2016 to March 2025, Corporate Insolvency Resolution Processes (CIRP) were initiated in 1,522 companies classified under real estate and construction activities. Details of 1,522 cases admitted as on 31<sup>st</sup> March, 2025 has been enclosed at **Annexure A**. The classification is based on the Corporate Identity Number (CIN) and corresponding categories under the National Industrial Classification (NIC) 2004, namely 'Construction' and 'Real Estate Activities'. Of these 1,522 Corporate Debtors (CDs), resolution plans have been approved in 204 cases, yielding a realisable value of ₹68,541 crore for creditors. The average realisation in these cases stands at 44.7% of admitted claims, 111.6% of the fair value, and 172.15% of the liquidation value. Details of 204 cases yielding Resolution Plans as on 31<sup>st</sup> March, 2025 is enclosed at **Annexure B**. Details in respect of names of the owners and members of the Board of Directors and the amount of debt owed by defaulting developers are not maintained by the Government.

(c) & (d): The Insolvency and Bankruptcy Code, 2016 (Code / IBC) and Regulations made thereunder provide for the following with regard to disclosure and collection of details of assets of the corporate debtor (CD):

- **Assets of the CD:** Section 18 of the Code casts a duty on the Interim Resolution Professional to collect all information relating to the assets, finances and operations of the CD and take control and custody of the same.
- **Avoidance Transactions:** Section 25(2)(j) of the Code mandates the resolution professional to file applications for avoidance of preferential, undervalued, fraudulent and extortionate transactions (hereinafter referred to as ‘avoidance transactions’). Regulation 35A of the CIRP Regulations requires the RP to form an opinion on the existence of avoidance transactions, determine such transactions and file the same with the Adjudicating Authority (AA) for appropriate relief.
- **Provisions for personal guarantor to corporate debtor (PG to CD):** The Code provides for initiation of insolvency resolution process and bankruptcy process against the personal guarantor (PG) of the CD. The insolvency resolution process of PG to CD involves preparation of a repayment plan to the creditors. If the insolvency resolution process fails, viz. the repayment plan is rejected, then bankruptcy process against the PG gets initiated. The bankruptcy process entails sale of the estate and assets of the PG. The amount realised from such sale is then distributed among the creditors.
