

GOVERNMENT OF INDIA  
MINISTRY OF COOPERATION

**RAJYA SABHA**  
**UNSTARRED QUESTION NO. 1122**  
TO BE ANSWERED ON 30<sup>th</sup> JULY, 2025

**Status of Computerization of PACS in Andhra Pradesh**

1122. Shri Sana Sathish Babu:

Will the Minister of COOPERATION be pleased to state:

- (a) the number of PACS approved for computerization, State-wise, and district-wise in Andhra Pradesh, along with the year-wise funds released by Government during last five years;
- (b) the number of PACS fully digitized and operational in Andhra Pradesh, district-wise;
- (c) whether Enterprise Resource Planning (ERP) trial runs have commenced in PACS in Andhra Pradesh and the number of such PACS;
- (d) the expected timeline for full ERP rollout in all sanctioned PACS in Andhra Pradesh; and
- (e) the anticipated impact of the ERP-based computerization on loan disbursal, service diversification, and farmer income at the PACS level?

**ANSWER**

THE MINISTER OF COOPERATION  
(SHRI AMIT SHAH)

(a): Government of India initially approved 63,000 PACS under Project of Computerization of functional PACS with a total financial outlay of ₹2,516 Crore which has now been increased upto 2925.39 Crore covering 73,492 PACS which entails bringing all the functional PACS onto an ERP (Enterprise Resource Planning) based Common National Software, linking them with NABARD through State Cooperative Banks (StCBs) and District Central Cooperative Banks (DCCBs). The state-wise details are at **Annexure- 'A'**.

In Andhra Pradesh, the total sanctioned PACS under this project are 2037. The district-wise details of PACS in Andhra Pradesh are at **Annexure- 'B'**.

(b): As of June 30, 2025, total 2,020 PACS are digitized and operational in Andhra Pradesh. The detail district-wise data are at **Annexure 'B'**.

(c): Yes, Sir, Total 2,020 PACS has commenced the ERP trials in Andhra Pradesh.

(d): The Computerization of PACS Project is from 2022-2027 and the sunset date of the project is 31<sup>st</sup> March, 2027. Therefore, all sanctioned PACS in Andhra Pradesh are expected to be fully digitized by 31<sup>st</sup> March, 2027.

(e): This common ERP software is provided to all the PACS in the project, across the country, to capture data on all functionalities of PACS, both credit and non-credit. This software is customizable for state-specific needs. The ERP-based common national software enhances the efficiency of PACS operations through a Common Accounting System (CAS) and Management Information System (MIS). Additionally, it strengthens governance and transparency, resulting in faster loan disbursement, reduced transaction costs, minimized payment imbalances, and seamless accounting with DCCBs and StCBs. Furthermore, training and necessary handholding support provided by NABARD ensures that small and marginal farmers, including those who may not be digitally literate, benefit equally from digitalization. A comprehensive ERP solution integrates multiple functionalities, including membership management, financial services such as deposits and lending (short-term, medium-term, and long-term), procurement, processing units, Public Distribution System (PDS), business planning, warehousing, merchandising, borrowings, asset management, and human resource management. Additionally, it has provision to incorporate RuPay and Kisan Credit Card (KCC)/ database integrations to facilitate seamless financial transactions for PACS members.
