MINISTRY OF FOOD PROCESSING INDUSTRIES
RAJYA SABHA
UNSTARRED QUESTION NO. 2305
ANSWERED ON 08TH AUGUST, 2025

TESTING AND ANALYSIS OF FOOD PRODUCTS

2305. SHRI S. SELVAGANABATHY:

Will the Minister of **FOOD PROCESSING INDUSTRIES** be pleased to state:

- (a) whether Government is strictly enforcing the laws on all imported food products before it reaches the markets for sale;
- (b) the mechanism adopted in monitoring the imported food products and procedure for subjecting the same for testing;
- (c) whether Government will furnish the list of food testing and analysis laboratories functioning in the country, State/UT-wise; and
- (d) the list of cases booked for noncompliance of international and domestic standards on foods in the case of exports and imports?

ANSWER

THE MINISTER OF STATE FOR FOOD PROCESSING INDUSTRIES
(SHRI RAVNEET SINGH)

(a) to (d): The subject matter of the question administratively pertains to Food Safety and Standards Authority of India (FSSAI) under M/o Health and Family Welfare and Department of Commerce.

As per Ministry of Health and Family Welfare (MoHFW), all imports or articles of food is subject to Section 25 of the Food Safety and Standards Act, 2006 & Food Safety and Standards (Import) Regulations, 2017 made thereunder. To ensure the safety of imported food products in the country, FSSAI has notified Authorized Officers (AO) at 164 food import entry points [Airports/Ports/Inland Container Depots (ICDs)/Special Economic Zones (SEZs)/Land Customs Stations (LCSs)]. The Food Import clearance (FICS) of FSSAI is an advanced paperless digital platform, integrated with the Customs' ICE-GATE [Indian Customs Electronic Commerce/Electronic Data Interchange (EC/EDI) Gateway] under SWIFT (Single Window Interface for Facilitating Trade). Based on the Risk Management System implemented in the Customs' ICE-GATE, the selected Bills of Entry of food items get referred to FSSAI for sampling and testing based on their risk levels. Any imported food articles once referred to FICS (Food Import Clearance System) of the FSSAI are subject a three-tier verification system, i.e. Document scrutiny, Visual Inspection, and Testing, which includes the check on quality, safety and labelling requirements on the imported food. The samples were sent to randomly selected online allocated FSSAI-notified laboratories for testing. If the imported food article complies with the Food Safety and Standards Act 2006 (i.e. FSS Act 2006) and Regulations made thereunder, the No Objection Certificate (NoC) is issued, else a Non-Conformance Certificate (NCC) is issued, which means the consignment is not cleared for sale in the domestic market. The State/UT wise List of food testing and analysis laboratories as shared by MoHFW is given in **Annexure-I**. As per the FICS of FSSAI, a total of 550 imported food items were rejected by FSSAI at the laboratory stage in 2024-25.

As per Department of Commerce, the Agricultural and Processed Food Products Export Development Authority (APEDA) recognizes laboratories having ISO17025 accreditation

granted by the NABL for testing of APEDA scheduled products. The State/UT-wise list of laboratories recognized by APEDA is given in **Annexure -II**. Further, the list of cases wherein non-compliances in export consignments reported by importing countries to APEDA under Department of Commerce is given in **Annexure-III**.

For the portion of information on part (c) of the question to the extent it relates to Ministry of Food Processing Industries (MoFPI), it is mentioned that under the Scheme of Food Safety and Quality Assurance Infrastructure Scheme (FSQAO), a component scheme of Pradhan Mantri Kisan Sampada Yojana (PMKSY), 205 projects have been approved for setting up and upgradation of Food Testing Laboratories, out of which 171 Projects have been completed as on date. The number of Food Testing Labs (FTLs) assisted by MoFPI under the above Scheme that are functioning in the country is 151 only. The State/UT wise list of these 151 FTLs is given in **Annexure-IV**.
