

GOVERNMENT OF INDIA
MINISTRY OF PETROLEUM AND NATURAL GAS

RAJYA SABHA
UNSTARRED QUESTION NO.2540
ANSWERED ON - 11/08/2025

EXPANSION AND PRICING OF PNG AND CNG NETWORKS

2540 SHRI DHANANJAY BHIMRAO MAHADIK:

Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

- (a) the number of cities currently connected through PNG and CNG networks, State-wise;
- (b) whether Government has received complaints about high prices of CNG/PNG despite lower input costs;
- (c) the reasons for price disparity between regions; and
- (d) the steps being taken to expand gas distribution networks to tier-2 and tier-3 cities and rationalize prices in public interest?

ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS
(SHRI SURESH GOPI)

(a) to (c) Providing Piped Natural Gas (PNG) connections and establishment of Compressed Natural Gas (CNG) stations are part of development of City Gas Distribution (CGD) Networks. This is carried out by entities authorized by the Petroleum and Natural Gas Regulatory Board (PNGRB), as per their Minimum Work Programme (MWP).

After the completion of the 12/12A CGD bidding round, PNGRB has authorized entities for development of CGD network in 307 Geographical Areas (GAs), covering the entire mainland area for the development of CGD network across the country (including tier 2 and tier 3 cities). As per MWP targets, authorised entities have to provide approximately 12.6 crore PNG domestic (PNG(D)) connections and set up 18,336 CNG Stations by 2034. As on 31.05.2025, the authorized entities have provided more than 1.50 crore PNG (D) connections and established more than 8000 CNG Stations. The GA wise PNG connections and CNG stations are at Annexure.

Government does not prescribe the selling price of CNG/PNG. The retail price of CNG/PNG in any GA is determined by the CGD entity after considering basic cost of gas, supply and distribution cost, entity margin and state taxes/ VAT. However, with a view to ensuring transparency and disclosure, the Government have issued guidelines to all CGD entities to furnish the complete breakup of PNG (Domestic) price on the invoice raised to the consumer and CNG price at CNG stations. The breakup is to include the cost of gas to the entity, supply and distribution cost, entity's margin, VAT and any other tax. PNGRB also requires every authorized entity to incorporate in the consumer bill or invoice, key information including consumption details, charges for last mile connectivity, taxes, levies, and sale price of gas supplied. In case of CNG consumer, the entity shall also indicate the compression charges for CNG.

Further, in order to address the grievances of individual consumers, every authorized CGD entity (in accordance with the PNGRB regulations) is required to create a Consumer Complaint Cell for registration of complaints/grievances personally, over telephone or through e-mail (emergency contact numbers and Consumer Care numbers of all entities are hosted on the PNGRB website). The consumers can also lodge their grievances 24x7 to the public authorities on any subject related to service delivery on Centralized Public Grievance Redress and Monitoring System (CPGRAMS) portal.

(d) Government has taken various steps to expand availability of Natural Gas to CNG (T)/PNG (D) sector which includes allocating domestic gas on priority basis to CNG(T)/PNG (D); diverting domestic gas from non-priority sectors to meet the requirement for CNG (T)/PNG (D) sector; expansion of City Gas Distribution (CGD) network; expansion of National Gas Grid Pipeline; setting up of Liquefied Natural Gas (LNG) Terminals; Sustainable Alternative Towards Affordable Transportation (SATAT) initiatives to promote Compressed Bio Gas (CBG), etc. Government has also notified that gas produced from discoveries in Deepwater, Ultra Deepwater and High Pressure-High Temperature areas, in any situation which may require proportionate distribution of the gas offered under the bidding process, the contractor shall offer gas to bidders belonging to CNG (T)/PNG (D) sector on priority.

Further, in order to minimize the impact of rising Natural Gas prices, the Government has approved the revised domestic natural gas pricing guidelines vide Gazette Notification dated 07.04.2023 for gas produced from nomination fields of ONGC/OIL, New Exploration Licensing Policy (NELP) blocks, and pre-NELP blocks, where the Production Sharing Contract (PSC) provides for Government approval of prices. Under the revised guidelines, the price of such natural gas is determined as 10% of the monthly average of the Indian Crude Basket and is notified on a monthly basis. For gas produced by ONGC and OIL from their nomination blocks, the Administered Price Mechanism (APM) price is subject to a floor of \$4.0/Metric Million British Thermal Unit (MMBTU) and a ceiling of \$6.5/MMBTU. The ceiling would be maintained for the next two financial years (2023-24 and 2024-25) and then increased by \$0.25/MMBTU each year. This has led to price stability for consumers.

ANNEXURE

ANNEXURE REFERRED TO IN REPLY TO PART (a) to (c) OF RAJYA SABHA UNSTARRED QUESTION NO. 2540 TO BE ANSWERED ON 11.08.2025 REGARDING EXPANSION AND PRICING OF PNG AND CNG NETWORKS.
