**ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND
FAMILY WELFARE
(SHRI PRATAPRAO JADHAV)**

(a) Pradhan Mantri National Dialysis Programme (PMNDP) was rolled out in 2016 as part of the National Health Mission with the objective to make dialysis accessible and affordable by establishing haemodialysis centres at the District Hospital level in the country. The dialysis services are provided free of cost to the Below Poverty Line (BPL) patients and at subsidized rates to the Above Poverty Level (APL) patients. Main objectives of PMNDP are to ensure universal access, reduce Out-of-Pocket expenditure, standardized quality of care and ensure long-term service delivery by leveraging existing hospital infrastructure. The program has been implemented in all the 36 States and Union Territories across 751 districts with 1721 Haemodialysis centres having 12160 Haemodialysis machines in the country.

(b) : The details of budget allocated and expenditure under PMNDP since its inception year-wise and State-wise is at **Annexure I**

(c) As reported by Government of Andhra Pradesh, the details of dialysis centres set up in Andhra Pradesh since implementation of PMNDP is at **Annexure II**.

(d) & (e): Every year about 2.2 Lakh new patients with end-stage renal disease get added in India resulting in additional demand for 3.4 crore dialysis each year.

National Health Mission (NHM) provides financial and technical support to the States/UTs in implementation of Haemodialysis (HD) and Peritoneal Dialysis (PD) services under National Health Mission. State and Union Territories undertake gap assessment and project their requirement through their Programme Implementation Plans (PIP) under NHM.

State/UT wise details of SPIP Approvals and Expenditure for Pradhan Mantri National Dialysis Programme (PMNDP) under NHM during the period from FY 2017-18 to FY 2025-26
