

**GOVERNMENT OF INDIA
MINISTRY OF COMMUNICATIONS
DEPARTMENT OF TELECOMMUNICATIONS**

**RAJYA SABHA
UNSTARRED QUESTION NO. 3211
ANSWERED ON 21ST AUGUST, 2025**

DIGITAL CONNECTIVITY DASHBOARD FOR ODISHA

3211 SMT. SULATA DEO:

Will the Minister of Communications be pleased to state:

- (a) whether the Ministry is planning to develop a Digital Connectivity Dashboard for Odisha to monitor progress of BharatNet, 4G saturation, and mobile tower deployment at the village level; and
- (b) if so, the details thereof, if not, the reasons therefor?

ANSWER

**MINISTER OF STATE FOR COMMUNICATIONS AND RURAL DEVELOPMENT
(DR. PEMMASANI CHANDRA SEKHAR)**

(a) & (b) BharatNet project is being implemented in a phased manner to provide broadband connectivity to Gram Panchayats (GPs) in the country, including Odisha. BharatNet in Odisha is implemented through State-led model and for monitoring of BharatNet, the State has its own Network Operating Centre (NOC) which is further integrated with Centralised NOC of BharatNet. The Government funded Mobile Projects, implemented across the country including Odisha, are being monitored on Project Monitoring Information System (PMIS) of Department of Telecom (DoT), while mobile towers deployed by private Telecom Service Providers (TSPs) are monitored through their respective monitoring dashboards.
