ANSWER

MINISTER OF STATE IN THE MINISTRY OF CIVIL AVIATION

(Shri Murlidhar Mohol)

(a) & (b): The expansion and upgradation of airports is a continuous process and is undertaken by the Airport Operators from time to time depending on the availability of land, commercial viability, socio-economic considerations, traffic demand / willingness of airlines to operate to/from such airports. The Airports Authority of India (AAI) has undertaken construction of a Parallel Taxi Track (PTT), Rapid Exit Track (RET), Extension of Apron, Reconfiguration of existing Terminal Building to augment capacity and Installation of CAT-II Lighting System at Ranchi Airport in Jharkhand. These development works are at various stages of completion.

(c) & (d): For the development of Ranchi Airport, the State Government of Jharkhand has handed over 301.12 acres of land to AAI.
