**ANSWER**

THE MINISTER OF STATE FOR AGRICULTURE AND FARMERS WELFARE  
(SHRI RAMNATH THAKUR)

(a) & (b): Requests for relaxation of Fair Average Quality (FAQ) norms for Soyabean and Cotton have been received from Government of Telangana. As far as Soyabean is concerned, relaxations have been sought for maximum limit of tolerance (% by weight per Qtl.) of Foreign matters and impurities upto 5%, Shriveled immature beans & discoloured upto 10% and damaged & weevilled beans upto 10% as against the stipulated maximum limit of tolerance of 2%, 5% and 3% respectively. In the case of cotton, the Government of Telangana has requested to permit procurement of Cotton at MSP with moisture content exceeding 12% and upto 18%.

(c): Government of India fixes Minimum Support Price (MSP) for FAQ of notified crops only. Hence, there is no provisions under the existing scheme guidelines for procurement of these crops at MSP having below FAQ.

(d): To ensure the benefit of MSP to farmers, central nodal agencies (CNAs) open adequate number of procurement centres considering the convenience of farmers. Besides, wide publicity and awareness are conducted through print, electronic & social media to ensure that all registered farmers take the advantage of Government MSP procurements
