**ANSWER**

THE MINISTER OF STATE FOR AGRICULTURE AND FARMERS WELFARE  
(SHRI BHAGIRATH CHOUDHARY)

(a) & (b): There exists vacancies of skilled manpower in Krishi Vigyan Kendras. Filling up of vacancies in KVKs is a continuous process. Requisite action is taken to fill these vacancies expeditiously. The plan to streamline the administrative processes is through formulation of Expenditure Finance Committee (EFC) document. The KVKs are backed by Research Institutes and are equipped with advanced/cutting-edge technologies such as demonstration of climate resilient varieties and practices, farm machinery and equipment, Kisan Drone, precision agriculture technologies, etc. The scientists of ICAR Institutes and Agricultural Universities regularly train the experts of KVKs on these advanced/cutting-edge technologies.

(c) & (d): Yes, there are 114 newly created districts where there is no KVK. Opening of KVK in newly created districts is a continuous process as per the prescribed procedure and guidelines.
