Completion of Railway project/s depends on various factors which include the following:

- Land acquisition by State Government
- Forest clearance
- Shifting of infringing utilities
- Statutory clearances from various authorities
- Geological and topographical conditions of area
- Law and order situation in the area of project site
- Number of working months in a year for particular project site etc.

Various steps taken by the Government for effective and speedy implementation of rail projects include:

- Substantial increase in allocation of funds.
- Delegation of powers at field level.
- Close monitoring of progress of project at various levels.
- Regular follow up with State Governments and concerned authorities for expeditious land acquisition, forestry and Wildlife clearances and for resolving other issues pertaining to projects.

Upgradation and renewal of tracks is a continuous and ongoing process. The track renewal is carried out as per the laid down criteria based on age, traffic carried, condition etc. Track Renewal Works are planned and executed duly prioritizing the condition of track and various other factors so as to ensure that track is safe for running of trains at permitted speed.

During 2025-26 (up to Nov'25), about 5,100 km track renewals have been completed including in state of Maharashtra. During 2014-25 (up to Nov'25), about 52,000 track km has been renewed.
